## **Legendary Pokemon Training: Johto**

### **Chapter.3: Time and Ball Torture**

Celebi was going crazy! Not only had Red doubled her restraints but he'd been edging her for a solid day without any extended rests or breaks. A cycle of falling asleep close to orgasm and waking up so close to orgasm. Her body was trembling in her leather binds, and her brain was getting hazy. Long periods of being kept over the weird pedestal in the lab were making it hard to think and harder to concentrate on her powers. However, Mewtwo was gone at the moment, so she wouldn't have to worry about the psychotic psychic fucking with her brain. Plus Mewtwo had forgotten to re-fill her mouth and pussy with toys, and her anal plug had stopped vibrating for the moment. Celebi had a moment of much needed break and she used it to curse her captors.

*Stupid purple whore, thought Celebi, puffing out her cheeks, thinks she'll break me with some gooner spiral, ha! Shows what she knows. I'll be out of here the second that big human bastard gets bored of me. Lord knows I'll twist his fuck dick.*

Celebi took a deep in a deep breath, nostrils flaring as she shouted, "Twist his fuck dick!"

"Hiya shorty, what are you getting all worked up about?" asked Red as the doors to the little lab slid open.

Celebi stopped shaking in her binds for the moment, her eyes fixating on Red through the opaque pink visor. She looked furious (or very pouty at the very least). She'd been edged for hours prior and wanted to give Red another piece of her mind.

"You bastard! If you think I won't break out and castrate you, then— *Hoooooly fuuuck!*"

Celebi's words got caught in her throat as he saw Red waltz in pulling along two other Pokemon on leashes. The first a little Umbreon, standing on two thick digitigrade legs that lead into thick hips and a tight midsection. Her bouncy D-cups were both fully on display, puffy pink nipples both poked up from her dense black fur and her little lips were coated in blue lipstick. She gave Celebi a mischievous little look, ears wiggling as she trailed behind Red and his Mawile, Reagan.

Reagan was a very bottom heavy Mawile; completely bound in bondage and muted by a pokeball shaped gag while her other mouth was bound by three thick leather straps. Slender red ropes bound up her little beige body, tied in such a way to squeeze the edges of her perky little breasts, and bind her arms behind her back. The rope snaked down her slender midsection, knotting diamonds before wrapping around her wide hips and disappearing into her extra stuffed cellulite cake which jiggled with each step she took.

"What the fuck are you doing here looking like that!?" blurted Celebi, her eyes wide and jaw slack as she looked up at Red, "Don't think I'm gonna do anything unless you have Mewtwo mess with my brain—"

"Oh calm down short stuff," commented Lily, stepping in front of Red, "Master decided to bring us for a little walk and he wanted to pay his newest pokemon a visit."

The Mawile looked at Celebi with her big brown eyes, and gave her a nod as she let out a sloppy, "Mmmhmm!" as she nodded her head.

"Pervert!" shouted Celebi, her face flush, "I don't want you or your stinky sluts around me!"

"She's quite the punky little onion isn't she master," said Lily as she pawed at Red's leg.

"Reeeeeeeee! Fuck ooooooff!" shouted Celebi, looking up at Red, "Everyone knows Vaporeon is better! Should've used a water stone you horny little gooner"

"That isn't an insult coming from you," said Red trying to hold back snickering.

"Mmmhmm," Mawile nodded along.

"It's not Daddy's fault I suddenly evolved with high "friendship" at night," continued Lilly, rubbing her flushed cheeks while Red let out a little chuckle, "It was a surprise for the both of us."

"Horny little imp! Tell your *dah-da* to let me out of these binds and I'll give you both a surprise!"

"Isn't the cause of all this anger the fact you destroyed her gooner fuel?" asked Lily.

"And my fucking PC you little bitch!"

"You say that like it's an insult," Lily waved her paw at Celebi and gave her a wink, "It allows me to be at perfect height to do this—"

Lily grabbed the hem of Red's pants and pulled them down, allowing his cock to flop out far closer to Celebi's face than she'd like. All along his veiny, pulsating, knee length shaft were kiss marks, some probably planted by Lily herself. Others were rings of purple, yellow and red, a whole rainbow of potential poke-sluts that had left their mark on Red prior.

"*Mmmwwaaah!*" Lilly planted another big kiss mark on the side of Red's cock as she cradled his nuts and rubbed his tip, "*Mmmm*, You taste so good, daddy. Maybe you should let the angry little short stack have a taste, it might improve her mood.

"*Uuhhhnnnn, whu-wh-I don't-hnnngggghhee!*"

Celebi sputtered as Lily reseted Red's half hard meat against Celebi's visor. The damage Mewtwo inflicted on her mind was reverted but she still got flustered whenever Red wagged his cock in her face. Just the smell was enough to make her body react, brain going blank and jaw relaxing as she stared into the constant spiral.

"You want to share, Lily?" asked Red, "That's so unlike you."

"I just think she needs a little something to take the edge off," said Lily as she gave Celebi a little pat on the head, "Don't you sweetie."

"*Hnnngghh, bu-buh-biiitssh!*" sputtered Celebi, drooling a little bit as the

"Then how about we make a little game over it," continued Red as Lily started to kiss along his cock.

"Hmmm, sounds fun daddy, *mwaaaah!*" cooed Lily between kisses, "what are the rules."

"We'll let Mawile and Celebi beg for it and whichever one begs the hardest gets used today."

"Doesn't seem like much of a game," commented Lily, giving Red a little wink.

"You're right," rescinded Red, "Better leave in Reagan's gag, make things fair for your teammate in training."

Celebi could feel her blood boiling at Red's comment. However, the idea of being given a bit of sexual relief made her little body quiver. So she managed to hold her rage back as Red continued, a sly grin on his face, "How about you start, Celebi."

"*Nhhff, I-I... I guess, I'll service you for a little bit~*" Moaned Celebi, her little lips curving into an obviously smile, "It has been a while so it can't be helped right~"

*It's fine if I use him for a bit, thought Celebi, her cunt pulsing. I'll just let him use my throat for a little bit and I'll finally get to cum. It's fine if I use him to cum and if it has any effect on me I'll just reset...*

"Hmmm, a little lacklustre."

"Hmmmph," pouted Celebi as she thought "*Fucking bastard, did you really expect me to beg for it like your slutty little Umbreon!*"

"How about you Reagan, how badly do you want some quality time with your trainer?"

Reagan just stood in place trembling, looking up at Red with her big teary eyes. She groaned into her gag, little nostrils flaring and her big mouth nodding as she drooled, "*Hmmmmmggh, mmmnggh, gghmm, hhhnnnggh!*"

*Hahaha, what a joke!*" Thought Celebi, her antenna twitching with delight, *now hurry up, limp dick and pick me already!*

Red looked at both Pokemon, nodding sagely as he stroked his chin, "What a close contest, but if I had to only pick one it would have to be...."

*Meeeeeee! Pick me already, I just wanna fucking cum you big—*

“Reagan made a much more convincing case,” Red Slapped his cock against Reagan’s face, causing her to squeal into her gag as she snorted up his musk.

“What the fuck!” shouted Celebi, “She didn’t even say anything!”

“Yes she made a more convincing argument,” responded Lily.

“Maybe next time you’ll avoid thinking about using me like a sex toy,” added Red petting his Pokemon on the head. They returned his affection by nuzzling their snouts against his cock.

“How did you... Is Mewtwo still fucking with me?!”

“No, I’m just very intuitive with my Pokemon.”

“Fucker, I will twist your dick off for teasing me!”

“Hey don’t be so mad Celebi,” Red pulled his cock off og Mawile’s face, pulled up his pants and walked over to the lab’s computer.

He entered in a few short commands as he continued, “I’ll give you a little consolation prize, a little taste of what you could have if you decide to be a good girl.”

*“Pleeeeeease stop edging me! I promise I will suck your stinky dick this time and like it,”* sputtered Celebi as those familiar robotic arms descended from the ceiling. Augmented with those pistoned powered dildos that never seemed to let her cum.

“Don’t worry, I’ll give you another chance.” Said Red as he gestured for his pets to follow, “It will feel like no time at all.”

*“Hnnnnngggghh, gguuunnhh daaammit!”* Celebi felt the plug in her ass increase in intensity as the dildos started to press against her entrances. Whatever curses she tried to spit at Red were cut off when the dildo entered her mouth and started pumping a sweet semi-solid sludge into her stomach. Celebi hated it but she couldn’t stop drinking, her weak little body pushed to the edge constantly as time went on.

*Arceus dammit, that pink dicked fucker thinks he’ll break me! I’ll make his dick implode after I do another reset and then he’ll see that I am invincible!* Celebi thought as she

shivered in her binds, her moments of semi lucid thought were filled with all the things she'd do to Red's dick given the chance.

Though not all of them were violent at the moment. If anything Celebi's impression of Red improved after the hours of forced goon sessions with what felt like endless edging. However, every time Red appeared to make progress Celebi's body seemed to reset, returning to her prior form and gaining a burst of power. There were another two small incidents where Celebi tried to break out of her binds but Mewtwo watched her like a hawk. Preventing any real damage from being dealt and providing Red with whatever data he asked her to gather.

Then weeks later...

"Master, I've got some news— Forgive me, should I have waited outside?" asked Mewtwo as she entered Red's room, discovering he had just finished a training session with NidoKing and Nidoqueen. A pair of purple and Cyan ass cheeks that were both stacked and packed full of Red's homemade cream. He'd just finished pounding the pair, deciding to finish in Nikki, his cock pumping the last of his load into his boi-bitches hole as he turned to face Mewtwo.

"Not at all," sighed Red as he pulled out of Nikki's butt, causing a jet of cream to spill on the floor as his cum coated cock flopped out of her boi-pussy.

"Wanna clean me up as you give me the news?" he continued, giving Nikki's butt a little slap.

*"Ahhhhnnnggh!"* groaned Nikki.

"She doesn't have the energy to continue this morning~"

"Thankies master!" Mewtwo giggled and dropped to her knees almost immediately, her little snout wrapped Red's cock, taking his shaft deep into her throat as she looked up at him with sparkling purple eyes. Her tail wagged like an excited Houndoom, nostrils flaring with each inch swallowed.

"So you were saying," said Red as he gave his excited pet a pat on the head.

*"Ghhhuunnkkk!" gurgled Mewtwo as she telepathically said, "Sorry master, brain got fuzzy, hehehe~"*

Mewtwo made a few motions up and down Red's cock. Her long tongue tickled his glands and scraped his thick cum off all his cock veins as she continued, *"I simply came to report a spike in Celebi's brain activity."*

"What kind of spike?" asked Red.

*"Nothing too out of the ordinary. Basically the same after you visit the other day but this morning the part of Celebi's brain that controls her pleasure centres just spikes a few times in a row."*

*"No master, but it happened at least ten times"*

"You didn't let Celebi, cum early did you?"

*"Mmmnnnggh," gurgled Mewtwo, her eyes widening as she responded, "Oh no, master I would never allow myself or that little cretin to cum without your expressed consent, we are unworthy. However, the result of an orgasm almost happened within rapid succession nearly ten times on the monitor before the subject's reading returned to normal."*

*"Ahhhhmmnn,"* Mewtwo pulled her lips off Red's cock, leaving his shaft spit shined and clean of any leftover sex juices.

"Good girl," Red let out a satisfied sigh, "you're getting much faster."

*"Mmmm, thank you master,"* Mewtwo licked the cum off her lips as she asked, "What would you like me to do, master?"

"For now, take a break," said Red, "You're free to clean up here and take a little time off while I train Celebi."

"But master!" protested Mewtwo, "What if she breaks out again!"

"Don't worry, Mewtwo, I'll be fine," responded Red, dismissing Mewtwo with a handwave.

“Master,” responded Mewtwo rising to her feet, she looked down at Red with a serious glare, her expression sharpened, “I cannot let you go alone. She is bound but still a legendary and could easily—”

“Mewtwo use hypnosis on yourself,” ordered Red.

“Master, I will eventually break—*ddduuuhhhnn*,” Mewtwo tried to get a final warning out but her expression quickly shifted as her eyes glowed. Jaw hung slack, eyes twitched and fluttered as she drooled on her tits.

“Mewtwo you love master’s cum don’t you?”

Mewtwo cracked a big dumb smile as she nodded rapidly, groaning “*Uh-uhhhnnnn!*”

“Well today you’re master’s little cum sucker,” continued Red, his grin growing, “You are to clean up every last drop of cum left in this room with that big mouth and after you’re finished with the floor, you may move onto these cream filled sluts.”

*SLAP!*

“*Ahhhhnnn!*” Nikki let out a groan as Red slapped his ass cheek, continuing, “And once you’re done you have my permission to cum. Think you can do that, pet?”

“*Uhhhuunn!*” Mewtwo kept nodding, spitting moans as her eyes slipped into pink swirls. There was barely a pause, she dove to her hands and knees and pressed her lips against the floor, sucking up the load Red’s Pokemon spilled.

“Have fun you three~” Red gave them a little wave as he left his room naked, thinking, “That was easy, now all I gotta do is visit Celebi.”

Moments later...

The doors to the lab slid open and Red was greeted by quite the sight. Celebi’s body had “evolved”, her ass had plumped out further, becoming an extra-cellulite stuffed booty that was propped up by her thick little legs. Her stomach was a fair bit plumper and bulged as the dildo’s in her ass and pussy vibrated. The bulge was large enough to poke the underside of her fat new tits. A pair of perky F-cups and fat green nipples that looked quite large on her diminutive frame.

Red smiled as the door slid closed behind him, “Hiya short stuff, how are you do—”

“Fucker, basterd, perverted chode, limp-dicked, faggot, anal whoring *ffuuuccck!*” shouted Celebi. shaking in her binds, her holes currently plugged up by a part of dildos that were set to low.

“Was that every swear you know?”

“Fuck you little *buh-hhhnnn*, bitch!”

“Looks like something’s got you all heated,” said Red, rubbing his chin, “Don’t tell me you’re all worked up over seeing me butt naked for the first time.”

“*Rhhhrrrggh!*”

Red let out a little choked giggle as he continued, “Cause if you’re that embarrassed watching my cock swing around then I can put some—”

“I’m gonna kill you here and now you little human freak!” Clebi’s eyes flared as she tried to shake loose of her binds, but Red remained confident, “Naked or not.”

He cocked his head and looked down at her before uttering, “Celebi, use Time Reset~”

Celebi’s big green eyes dilated, her jaw hung slack and body trembled as she let out a guttural, “*Hyyynnnhhhoohoo.*”

“What’s wrong shorty, you look like you’ve been gooning like crazy.”

“*Duh-dat’s* not my— *Huh-how!?* *Whu*—what the hell did you do to me!” muttered Celebi, confused and angry but clearly on the edge of orgasm. The sharp tone of her cute voice cut by little groans as she re-focused her eyes on Red.

“Nothing you’re not already used to,” responded Red with a very nonchalant smile on his face.

“Fucker! How the fuck!” Clebi grit her teeth, her cunt pulsing as she was brought to the edge again, “Tell me!”

“Alright, but only because you asked so nicely,” Red gave Celebi a little wink as he looked down at her bound body, “After your little outburst, I started doing a little testing and tell me if I got your powers, right.”

Celebi’s face sunk, her mouth curved into a woozy frown as she let out a, “*Uhhnggghh...*”

“Lot’s of Pokemon can learn hidden moves and have traits not immediately obvious. For example: the Mews have an uncanny ability to rebuild their minds after extensive tampering and the ability to morph their bodies at will. Making them very hard to make slaves—”

“Yeah keep jerking the big purple bitch off!” sputtered Celebi, “She looks like a slave to me.”

“Oh she is but a very willing one. She’d probably start to pout and whine if I took off her collar.”

“*Hmmmmph*, pervert!”

“You see, short stuff,” continued Red, ignoring the fact Celebi just stuck out her tongue at him, “All Pokemon need different training regimens and I am a pro at developing special ones for tricky bitches like yourself.”

“*Hnnnggghh*, so what the fuck does this have to do with me?” spat Celebi as she proudly declared, “All my powers come naturally since I am so damn powerful! So all training would be worthless.”

“*Huh*, I expected you to at the very least understand how you learned how to time shift your body back to a point.” Red cocked his head, “I was half expecting you’d learned it from a hentai manga but did you learn it naturally?”

“*Uhhhhmmmm*,” Celebi started to clam up, her tongue got caught in her throat. She assumed all of Red’s talk was posturing but could he really understand her powers on a deeper level?

“Impressive, you actually taught yourself a special move. You might be better than I thought.” Red took off Celebi’s eye visor and threw it in the corner as he continued, his voice excited, “Especially after watching you do it over and over again over the course of weeks while under intense stress.”

“Shit,” whispered Celebi, avoiding eye contact with Red as she tried to think up something but she could feel the conditioning dulling her mind, making it hard to make decisions.

“Now that your reset point is fixed to a period of intense edging and conditioning we won’t need any extra tech for training,” he continued nodding, “Your brain’s ability to repair is close to the Mews but I bet it takes weeks longer to recover from a real brain melting without your little power.”

“*Hehehe*, hey Red, *d-du*-do you wanna call this a draw? I’ll let you fuck me, no tricks,” muttered Celebi, “You can even be on top, good deal right? Better accept it quickly.”

“You want me to do all the work, don’t think so,” Red teased, letting out a little chuckle, “But at least I got my answer.”

“Seriously, I promise to make you cum a tone! I know how to eat ass,” shouted Celebi, getting a little frantic.

“Honestly what a silly power, you’re practically immortal with that little trick so long as you remain focused *ooooor* your trainer changes your reset point.”

“You literally can’t, you’re not—”

“Well I’ve been testing your autonomic responses and with some extra subtle help from Mewtwo—”

“No, no, no, no! It’s impossible that bitches powers couldn’t—”

“It was a little hard and I had to get the timing right,” Red squatted down in front of Celebi. He could see her big green eyes widen, her teeth grinding as her nervousness built with every word spoken, “But just before your broken brain reserved time, I as your loving trainer changed your reset point and you were in such a daze you didn’t even realise.”

“*Nnnnnyygh*, you cheated!” shouted Celebi.

"It's not my fault you didn't notice the change. Now every time you use "Time Reset" you return to a state where you just finished a brain melting goon session," he continued, with his proud grin, "If anything you should thank me for this, it's just like your hentai—"

"Shut it!" shouted Celebi, "you might've hijacked my gooning power—"

"Ha I knew you used it to cum yourself stupid," spat Red as Celebi's cheeks lit up, "How many times have you managed to cum in one day?"

"SHUT IT!" cried Celebi, her voice both parts angry and exasperated, "Even if you rape me and fuck with my brain I will never accept you as my trainer!"

"It's true, you definitely don't see me as your trainer."

*"Haha, get fucked limp dick!"*

Red leaned forward, grabbed the side of Celebi's head and whispered, *"buuuut* at the moment you're weak from literal months of repeated edging, and you didn't break out of your new pokeball after you obeyed my command. Which means you can't~"

"Hey, hey, hey wait a second, I was just kidding," muttered Celebi as the realization hit her like a truck, "Your cock is like super huge and you'd never use pokemon abilities to train them, rig—"

"Celebi, use Time Reset," ordered Red.

*"Hnnnggh, fuuussh!"* wheezed Celebi, her body shaking, "

"Celebi, use Time Reset."

*"Puh-Please I cuuuh-cu-can't handle—"*

"Celebi, use Time Reset," continued Red repeating the command nearly a dozen times in quick succession.

*"Oooooohhhnnmmmmnnn!"* Celebi's face looked like it went through half a dozen emotions in rapid succession; anger, stress, surprise, shame, strain and finally acceptance. Her face quickly melted into a sloppy ahegao as she soaked her inner thighs in pussy juices. Strands created between her jiggling drumsticks as she squished

them together before they suddenly spread apart, creating little strings of pussy juice as her over-stimulated brain strained to process Red's rapid fire commands.

"Celebi, use Time Reset," he whispered, over and over into Celebi's ear.

There was a moment Celebi couldn't feel a thing but pure spite towards Red but then, the pleasure flooded over her in large waves that all had the same brain melting impact. Celebi literally thought her grey-matter was melting each time Red gave her an order. Forced to obey but it felt way too good cycling through Red's commands back to her reset point, where it felt she'd been edged for years, so close to orgasming but unable to fall off the edge before her powers reversed her state right back to the beginning.

*"Hnnnggghh, hnnnggh, cuummmssh-nuuuhh!"* Celebi's body twitched in her binds as she wheezed moans through gritted teeth, eyes watering and pussy pulsing as her edges entered the triple digits. She thought hours must've passed but it all happened in under a minute. Her brain melting as Red's awful, sickeningly sweet voice forced her to use her mighty time powers to goon like a masturbation addict.

Red leaned back and watched Celebi's eyes flash spirals of dull colours as her brain short circuited from the pleasure. Her jaw hung slack and tongue flopped out as literal weeks of recycled commands flooded back into her brain with each use of her powers. Though according to the readings on the monitor she wasn't in the danger zone for breaking just yet, leaving Red a little room to give his poke-pet her first training session.

"What a good Pokemon, I'm very happy you managed to listen to your master's orders." Red slapped his cock against Celebi's face, causing her kaleidoscopic vision to focus on him as her breath was choked by the scent of his sex.

"Sorry, I didn't have any time to wash between sessions this morning," he continued, rubbing his cock down the centre of Celebi's face, "But I am sure you won't mind doing a little clean up, right?"

*"Uhhnnnggghh~"* drooled Celebi as she looked up at him with glassy eyes and a flared nose.

"Good girl," teased Red as he shoved the tip of his cock into Celebi's mouth and to his surprise, she didn't resist. If anything she got even more excited, shocking down the first few inches of his cock as her brain was assaulted by endless edges. Her throat stretched to accept Red's quickly hardening cock, lips forming a vacuum seal as they slid down his meat.

“Not bad, you’re becoming quite the throat slut,” said Red as he pet Celebi on the head, his fingers shifting into her soft fur as he said, “master is proud of you.”

*“Ghhuuuggghzzzzssh!”* Celebi let out the sloppies groan of her life as she squirted hard, shooting a jet of cunt honey onto the floor as her throat was stuffed. All those countless edges lead to one moment where she came harder than any other moment in her life. Her brain was light, free from every other emotion beyond the hot’n blissful sensation of Red’s cock in her throat.

However, she quickly snapped back to reality~

*“Ghhuuuuuurrrrh!”* Celebi’s eyes refocused up on Red as he pumped his cock in and out of her throat. Her expression sharpened as she glared at him with malicious intent.

“Looks like you snapped back to reality, pet,” grunted Red as he paused his pumping, “Did you enjoy having your first orgasm in weeks?”

*Fuck you, fuck you fuck you!* Celbi thought as her drool bubbled past her lips and spilled off her chin. Her conscious mind was straining to take Red’s cock, *I hate you and your stupid... smelly... mmmm, cock...*

Celebi’s eyes fluttered as her little nostrils flared and snorted Red’s musk. She could already feel another orgasm coming, the tingles shot up her spine as Red continued, “Don’t worry, I’m in a generous mood and I think you deserve to cum a little more.”

*“Mhhnnnggghh,”* gurgled Celebi after she reached the edge shamefully quick.

*Bastard limp dicked loser, fucking with my powers and capturing me! If he didn’t take me prisoner my brain wouldn’t be so fucked and I’d be on my P.C masturbating—* Celebi’s train of thought halted, her eyes went wide and her hazy brain was given a little post orgasm clarity that she hadn’t felt in weeks. Her throat tightened and nostrils flared with excitement as she felt Red’s grip tighten.

“Enjoy your first load in weeks, poke-pet. If you’re good they’ll be more,” exhaled Red, letting out a little groan as he pumped Celebi’s stomach full of his hot cum. An act that made Celebi cum her brains out when she first arrived and that hadn’t changed. She let the pleasure wave wash over her body and mind. Pussy pulsating as it sent little shocks of pleasure up to her brain, but it wasn’t enough and Red was finished with her throat too quickly.

Red pulled his cock out of Celebi's throat, causing globs of his thick cum to spill onto Celebi's tits and ooze down her slightly distended cum belly. Celebi let out a rasped groan as she looked up at Red Her lips slick with Red's cum as he continued, "That'll be enough for now, maybe if you keep your change for a whole day then you'll be rewarded, again."

*"Hnnnggh, w-whu-wait!"* shouted Celebi as Red turned to leave.

"What is it," asked Red, peeking back at her over his shoulder, "second thoughts?"

"Well..." Celebi cleared her throat, sputtering, "*y-yu*-you said there'd be more if I was good."

"That's true," said Red, turning back.

"And I haven't reverted the changes to my body and my head is still full of the big purple bitches programming, so..."

"So what?"

Celebi bit her lip as she mumbled, "So I wouldn't mind continuing with you."

"Oh? Is this another trick to get me to lower my guard?" asked Red as he leaned over and looked Celebi in the eye. He sounded more sarcastic, almost like he just wanted to hear what Celebi might say.

"I won't break out of the pokeball and even if I'm lying I've already been forced to repeat your programing like a hundred times," blurted Celebi, her tone more desperate, "So it's impossible for me to not be a horny poke-bitch."

"That so," teased Red.

"Yes it is," muttered Celebi, nodding her head in desperation, "So please I so desperately want to—*hnnnggghh!*"

"Good reaction," said Red as his cock tip poked Celebi's little nose, causing her to let out a sloppy groan.

Red pulled his cock back as he continued, "I'll tell you what, if you beg like the big purple bitch, then I'll give you another reward, deal?"

*"Puh-pweeease!"* sputtered Celebi, *"I duh-*don't wanna do it alone anymore, I'll be your poke-pocket pussy, do all kinds of slutty things!"

"How slutty?"

*"Ummmm, very..."*

"Good enough," Red clicked a button on the side of the apparatus suspending Celebi's body and it shut off. The lock on her binds clicking open as her binds feel limply on the ground.

*"Mmmnnn, fuck it feels good to move again,"* groaned Celebi as she wiggled her fingers and stretched her arms, *"nnnyph, buuuut* I am very surprised the release mechanism is in such an easy place to get to, what if I figured it out?"

"You'd be surprised how many Pokemon never look for an easy way out.

Celebi was about to respond, but after being constantly edged for weeks straight, she suddenly saw the value in keeping the release switch nearby, "Fair point, so are we going to your room or—"

"My room's occupied, but the lab is well equipped."

Red walked to one of the walls and grabbed hold of a nearby handle. Then with a quick pull a part of the wall folded out and deployed a little prince sized bed with blankets. Red looked back as Celebi asked, "Why do you have a bed in- Nevermind, I can figure it out myself."

"Mewtwo installed them in the labs," responded Red, "so we don't need to leave whenever I decide to give her a little reward."

"And do you give her rewards often?"

"A few times, a lot in this very bed."

*"Huh, I thought you were just playing porn audio through my visor."*

“Ready to get your reward now that the foreplay is done—”

“Actually may I do something I saw in a doujinshi?”

“I like the enthusiasm, got for it,” responded Red.

“Okay, just don’t be mad if I suck at it,” muttered Celebi as her eyes glowed. She gently lifted Red’s body off the floor and elevated his ass towards his face. There was a moment she wasn’t sure if she could do something so naughty but Celebi felt too deep and too invested to let simple nerves stop her first slutty rimjob!

Celebi wrapped her boobs around Red’s cock and pushed her face between Red’s sweaty cheeks. Her little green lips pressing against his sweaty asshole as she started prodding his sweaty hole with her long tongue. The action was all too familiar to Celebi but the sensation, texture and smell of her master’s sweaty hole; it was too overwhelming for her and already she felt herself get close to the edge.

“No cumming yet,” ordered Red.

Celebi felt herself hit the edge and her orgasm stopped like a wall was erecting, stopping her orgasm. “*Nnyyyggh, buh-bastard!*” Celebi sputtered between sloppy kisses.

“You’re going to have to make sure your master finishes before you’re allowed to,” he continued, humming to himself without a care in the world.

“*Mmmnnnppph, tease,*” drooled Celebi, squeezing her tits harder, stroking up and down the entire length of Red’s cock, “I’ll show this dirty dick *hu*-who is *beh*-boss, so get ready human—mmnnnyyhh!”

“Such spunk, if only you started your training weeks ago.”

“*Mnnnnn, yeeessh,*” drooled Celebi, her brain melting as she licked up Red’s taint, worshipping his asshole. The sensation was so degrading, so filthy but too hot for Celebi to bother resisting. Her perverted side had taken the reins in her brain, shoving pride and dignity off to the side as her long tongue tickled Red’s prostate.

“That’s it, a few more sessions and you’ll be better than Lily,” teased Red as his body was lovingly cradled by Celebi’s powers. Left weightless as she squeezed his cock with all her might.

*Celebi the forest spirit, capable of travelling vast distances through time. You could do anything but fuuuuuuccck, I only wanna eat Red’s ass right now! This is so much better than in the books <3* Celebi thought as she moved her tits faster, her own sweat serving as lube so Red’s heavy human meat hammer slid effortlessly between her fuck pillows.

Celebi’s nipples hardened as the psychic pressure tickled them, her brain boiling as she was mercilessly kept on the edge by her trainer. Even if she could wriggle out of Red’s control she didn’t want to... at least, not until she was allowed to cum and she hoped it would be soon. Since Red’s meat was pulsing like crazy.

“Celebi, use your power’s to catch my load,” grunted Red as he shot out a litre of hot ball slop. A pure white eruption of yoghurt thick sludge poured from Red’s cock but was quickly caught by Celebi’s powers, preventing a single drop of his seed from dripping on the floor.

“Good girl, now set me down.”

Celebi pulled her lips off Red’s bit, leaving his rim covered in her sticky spit before mewling, “Yu-yes, gimme a sec... *bu*-brain fuzzy.”

Red was gently let down onto the edge of the bed as Celebi floated slightly off the ground. She stared at his load as she collected it into a ball of cum. Almost transfixed by the sight, Celebi muttered, “It kinda stinks... But in a good way~”

“If you manage to drink down another load I’ll let you have a real taste of my cock, de—”

Before Red could finish his sentence Celebi started sucking down his load, letting his sperm trickle down her psychic funnel and into her mouth. She swallowed every last drop, her puffy nipples twitching as she swallowed sperm almost as fast as Mewtwo. Red was impressed but not enough to avoid teasing Celebi a bit more.

“Now fuck me! Fuck you you big tease,” Celebi floated down on the bed and screamed, “Pound my womb into mush and show me that hentai guy haircut isn’t just for show!”

Red’s cheeks puffed out like he was trying to hold back laughter, “I didn’t say I would fuck you.”

“Wait but you said—”

“I said you could use my cock, but I feel a bit sleepy after a long night,” said Red as he relaxed on the bed, “And besides, didn’t you want to use me as a dildo?”

“*Ummmm, wh-weeeell* that’s a bit easier said than done,” Celebi bit her lip as she floated off the bed and looked down at Red’s pulsating penis. She positioned her hips over his meat, her pussy rubbing on his dick. He was huge, Celebi wasn’t even sure her new body would be able to take half of his cocks’ length.

*For Arceus’ sake*, thought Celebi as her cunt pulsed, *he’s bigger than a damned Rapisash*.

“Here let me give you some help~”

“Wait no, give me a minute to—”

“Celebi, use slam,” ordered Red.

“*Hnnngggh fuuuusssh—yyeeeshh!*” Her eyes fluttered as her ass slammed down on Red’s cock, swallowing every inch of his meat. Celebi’s extra stretch pussy was filled to the brim, moulded to fit Red’s giga-dick. Not a single square inch of space inside Celebi was safe, even her womb was filled by Red’s fat cock. It poked the back of her baby box, smearing hot pre-cum inside.

“*Hnnnggghh*, I’m *gu-guuuh*-gunna die!” cried Celebi, throwing her head back as her stomach bulge parted her fat green tits.

“*Anngggh, wh-whu*-while my poor eggs are defiled by your stinky human semen!” she drooled, her eyes crossing, “*yu*-you better *muh*-make me cock stupid as *cwu-pin-sashin f-f*-for your sins, *peeerv!*”

“I’ll make you a filthy little forest spirit addicted to her trainer’s massive cock!” Red bucked his hips.

“*Hehehe-nnnnyhhuuu, guuuuud~*” Celebi drooled on her massive tits as her psychic powers bounced her sexed up short stack body on Red’s dick like she was an onahole.

The pleasure was overwhelming thanks to the literal weeks of training plus days of time shenanigans which resulted in Celebi's cunt having hair trigger sensitivity. It felt like every other bounce was causing her to cum. All her pleasure centres fired on full blast while her powers switched to autopilot. Still keeping up her fast pace up and down Red's dick even if her pleasure boiled brain was too weak to keep up.

"That's a good little pocket pussy!"

*SLAP!*

*SLAP!*

Red gave Celebi's thick thighs a slap before spitting, "But I know you can go even faster!"

*"Hyyyhhoonnnngghh!"* Celebi's lips curved into a stupid drooling O-face as her body and brain were forced to obey the order. Moving her cock brutalized poke-slut body even faster, her cunt clamped down on Red's dick, trying to resist but every thrust was womb deep and made Celebi feel like she'd be broken any second.

"Nasty little slut, do you know how painful it was learning your little trick," grunted Red as he bucked his hips.

*"Nyyhhhooooo!"* cried Celebi, her body going limp.

"I had to observe hours of video and data and all I got was a cheap sex toy for all my troubles."

*Hyyyhhuuu, snooooort,*" drooled Celebi, snorting back air as Red's cock beat her cunt into submission, *soowwwrry Rwwweeddss!"*

"Not good enough you little green gooner," Red grabbed Celebi's ankles as he started to cum, "You'll pay for your insolence with a womb filling~"

*Yaaaaayyyssh!"* Celebi's eyes rolled up into her head and her tongue flopped out of her mouth. This was the moment she literally dreamed about thousands of times. A sloppy hard womb filling and Red did not disappoint. He soaked her ovaries in his nasty human genetic sludge and filled Celebi's stomach to bursting. By the end of his orgasm Celebi looked nearly nine months pregnant with twins, and her powers were fading.

*“Uuuuhhhggnnn, hu-huuuhnnn-hoooly fuuuccssh,”* wheezed Celebi as she fell off Red’s cock, her pussy leaked his cum all over Red’s crotch and legs as Celebi

“Not bad for a first timer,” Red let out a satisfied exhale.

*“Hnnn—mmmph, puh-pretty good,”* groaned Celebi, “Beats shlicker to a doujin.”

“Didn’t you cum a dozen times?”

“Better than a good doujin,” exhaled Celebi, her lips curving into a smile as she felt Red’s load ooze out of her cunt.

“I’ll take that over being called a filthy bastard with a limp clit.” continued Red as he watched Celebi’s body shiver, “Though we’ll have to work on your stamina a bit after you get another round in—”

“Two hundred and seventeen times,” Celebi turned to look back at Red.

*“Hmmmm?”*

“That’s how many times I managed to make myself cum in one day using my powers to reset.” continued Celebi, her voice soft, almost a coo as she looked up at Red, green eyes glowing.

*“Daaamn,”* not bad,” responded Red, “You might’ve beaten Mewtow’s record.”

“Well, you’ve already edged me over three hundred and fifty seven times,” continued Celebi, her lips curving into a smile, “And I’ve cum around twelve during our, *hehe* training.”

“And,” interjected Red.

“And I bet I could easily beat my record if you gave me the order—*hhnnngghh!*”

“Little imp,” spat Red as he grabbed Celebi’s body and pressed his cock against her slit, “Keep talking

*“Hnnnggh,”* yes master, mess me up,” drooled Celebi, her eyes crossed as her lips curled into a big woozy smile.

“Good Girl,” Red’s tip slowly slid inside as Celebi rested on his chest, “you finally called me, master.”

“*Hnnnggh, issh*—it’s a special occasion,” groaned Celebi, spitting a little drool as she tried to speak, “*Mmmm*, but could you—*nnngh*”

“Could do what?”

“*Hnnnggh, n-nu*—no! It’s super dumb just,” muttered Celebi averting her gaze, “just keep churning me, I’m about to—*Mmmmmph!*”

Red tipped up Celebi’s chin and planted a little kiss on her lips. His cock sank deeper inside Celebi as his tongue darted inside her mouth, teasing Celebi’s tongue. Red could feel her clamp down on his tip as he sucked on her tongue for a second before pulling back. A few strands of spit broke from their lips, landing on Red’s skin as he looked at Celebi’s awestruck expression.

“You should know better than to hide your thoughts from me~”

“*Mmmhmm*,” moaned Celebi, her cheeks lit up bright, “sorry master, please fuck my slutty poke-pocket pussy hard! We’ve only got two hundred and five orgasms left before I beat my record.”

“I’ll make sure to reset you every so often~”

“*Ahhhhnggggh!*” cried Celebi as Red bucked his hips burying over half his length inside her cunt as it clamped down on him like a vice.

“Wouldn’t want to break you during your first time~”

“*Hnnngggh, duh*—do it often,” groaned Celebi, “I *ne*—never want to forget this feeling~”

“Don’t worry, I’ll mold this tight little gooner cunt into my personal fuck sleeve.”

“*Hnnngggh, fffuuusssh!*”

Celebi was on cloud nine as Red rutted her muff like a beast in heat. Her little belly expanded and poked between her fat green titties, crushing her little cream packed womb as she squirted over his shaft. Her cunt honey flowed off Red’s meat and stuck to his crotch and heavy nuts as he rutted inside her pussy. Only about two thirds of his

cock was buried inside but it was more than enough to edge out Celebi's orgasms with little to no effort.

"How many times have you cum?" asked Red as his meat ground deep in Celebi's pussy.

She could barely speak, her eyes crossed as she sputtered, "*fuh-fiiivssh!*"

"Good girl, but let's aim for six!" shouted Red as his tip poked inside Celebi's little womb and dumped a thick load of his cum inside. Celebi let out a drooled moan as Red's semi-solid sludge invaded her precious womb once more, defiling every square inch of space with his nasty human nut. Old Celebi would've gooned thinking about such degradation but now she could finally experience it, and she came hard.

"*Nhggghhhnn~*" She drooled through gritted teeth as her tummy expanded, bloating to ridiculous proportions. Celebi looked nearly nine months pregnant by the time Red finished cumming and she was nearly to the point of exhaustion herself.

"*Huff... Huff.... Huff, hu-*have you finally ran out?" Celebi rubbed her distended Belly, moaning, "You came more than a damn Mudsdale."

"Not quite but I'm gonna need a minute to recover," exhaled Red as he relaxed on the bed, his body exhausted from the overnight back to back rounds, "But I'll be fine in a few minutes—"

"*Mmmhmm*, master order me to recover~"

"Why?"

"I wanna show you one of those secret *mmm-moooves*," sputtered Celebi as she lifted her hips off Red's dick. His half hard cock flopped on his midsection as Celebi's cream packed pussy leaked cum over his chest.

"Celebi use, Time Reversal," said Red, as he watched Celebi's little body reverse back to a time before her double filling, rising about a foot off Red's chest as her move finished. However, this time all the changes to her plump little body remained. Her body rippled with psychic energy until she lowered herself back down, landing around Red's crotch.

"You kept all the changes," commented Red as he leaned up, a little grin on his face.

*"Hmmmph, I always wanted huge boobs and a little mental manipulation from my trainer isn't quite a fair trade—" Celebi cradled Red's nuts and her eyes glowed as she groaned, "So I am giving you a little extra to compensate~"*

Red's eyes went wide as he watched his nuts re-inflate. His drained cum tanker's refilled to the point it felt like he hadn't cum in nearly a week! And Celebi looked mighty excited as she continued, "There, I've given you a big refile~"

"What a little trickster, keeping this in your back pocket—"

"Actually this was a hail mary, fifty-fifty I accidentally created a time rift," said Celebi with an absolutely giddy smile. She gave Red a big smile and flashed a peace sign, "But now I can refill my master's nuts indef—*mmmmgghh!*"

Red pushed Celebi's face into his newly refreshed nuts, still glazed with a sheen of after sex sweat. Her brain immediately popped, head going fuzzy but Red's words shined through, "Listen to my voice."

*"Snoooort, snooort, hehehe yeeesh,"* giggled Celebi, her voice woozy as her brain was boiled in Red's cock stink.

"You are forbidden from telling anyone you have this ability because I am not losing my rest days, understood." ordered Red, giving Celebi a stern look as she drooled and snorted cock stink.

*"Uhhhngggghh, mmmhmm~"* Ed's orders sank deep into Celebi's brain as she Celebi pressed her face between Red's nuts. Her little lips started kissing and sucking them with increasing fever. Her powers restored most of her stamina which she quickly used to coat Red's pump sack in spit.

"Good," sighed Red as he relaxed on the bed. The sound of Celebi's little kisses and licks were the only things he heard until the doors to the lab slid open.

"Sup Mew," said Red as he waved to his Pokemon. Mew floated into the room, her little pink cock was tightly locked in a tight steel cage and her heavy nuts were looking full, bisected and cradled by a bright purple thong she probably stole from Mewtwo. She looked rather tiered, bags under her big pink eyes as she turned to face Red.

"Mewtwo just suddenly burst into the room next to mine and ate Roxxie's ass so hard she woke me from my nap~" Mew muttered as she floated over Red, nuts dangling over

his face as she looked down and said, "Though I'm kinda glad she did, I wouldn't want to miss out on this slut's cherry popping~"

"Shame you're a little late," responded Red, "but just in time to help her milk out a fresh load."

Mew shrugged and muttered, "Also good," before she lowered her body onto Red's midsection, her thick pink thighs squished around Red's chest along with her fat nuts as she pushed her ass close to his face, showing off her bedazzled pink butt plug.

"Damn master, Celebi must be slacking," groaned Mew as she kissed Red's cock tip, "Cause your nuts are crazy full... not that I mind."

"*Mnnngggh heeey!*" drooled Celebi, putting her spit slicked lip off Red's sack, her cheeks puffed out in protest.

"She's been doing a fine job Mew," exhaled Red, trying to de-tense his body, "and try not to start anything with your new teammate~"

"I would never," gasped Mew as she wrapped her boobs around the base of Red's cock, "I'll even split a boob job with the shorty."

"*Uhhhnnggh, suh-sure,*" moaned Celebi, her brain still very rattled but her body was very willing. She wrapped her massive tits around Red's meat, resting the underside against Mew's massive pink boobs. Celebi's breasts were quite large but paled in comparison to Mew's perky pink milkers. Yet, the size difference motivated Celebi's cock worship. She squeezed her tits around the circumference of Red's shaft, feeling his massive human shaft pulse against her body as her boobs served as a sex sleeve.

"*Duh-dis* is kinda nice," moaned Celebi as she kissed Red's tip, "*mmnnnggghh~* I'm starting to like the taste of your salty tip, master."

"You learn to love it fast," added Mew.

"Good girls," said Red as the fatigue left his body "you make a good pair~"

"You haven't seen anything yet. We can probably do tons of wild shit with our powers," said Mew as she thought, *Plus it is nice to have a member of the team shorter than me, even if it is only by a little bit.*"

"I heard that!" pouted Celebi, "Now I'm gunna milk master dry myself!"

"Hey don't be like that! It would be selfish to hog master all to yourself~"

*"Hmmmph, wu-well, I guess there is a lot more I could do with my powers,"* muttered Celebi, her eyes fixated on Red's tip, "I only just started really testing my powers, was *waaaay too busy before.*"

"Oh really, do you have some ideas?"

"A few," responded Mew

"I dunno, maybe?" Celebi shrugged, "at the very least I want bigger tits than Mewtwo!"

"That's the spirit," moaned Mew, "and I can help with that once our master gives me permission."

*"Hmmm, maybe after you've earned it,"* Red teased.

*"Awww, fine! I'll suck your dick until you give me bigger tits!"*

"Oh, and speaking of bigger," said Mew, a bit of drool dripping off her lips as she looked up at Red, "Would you like to know the location of those Legendary beasts? They're all a bunch of weirdos but I managed to find them all the other day."

"And what took you so long to tell me?" asked Red.

"You spent a ton of time fucking around with this one and I couldn't peel you away," Mew shrugged as she watched Celebi make out with Red's tip. Huge beating hearts in her eyes as she sucked his cock like a bitch in heat.

"Looks like it paid off though," she continued.

"Well why don't you pick one and tomorrow, we'll head out for some big game hunting."

*"Mmmhmm, yes master!"*
