The Average LewdInvention Reader

You awake in your high end apartment in the nice part of town, you are the average LewdInvention reader. Ever since you started reading LewdInvention you've started taking care of yourself. A balanced diet combined with vigorous exercise and skin care is required to properly appreciate a LewdInvention story.

In the morning, you begin with a rigorous goon session, edging using multiple toys; dildos, egg vibes and ona-holes, all white or pink as is proper. You've gotten to the point where you can easily clear over one thousand hours of straight gooning but one hour will suffice for now. After finishing you make sure to remove all sex-toys from your holes and tuck your massive meat. It would be improper to start your day any other way.

You skip the shower, opting to wallow in the musk of last night's goon session. You use a deep pore moisturizer and a honey based body gloss to give your massive plastic bimbo tits a fake, yet natural shine. Then two breast pumps to give each of your nipples a puffy full look, you leave both on as you shave; a hairless body is closest to LewdInvention but you avoid using an alcohol based shaving cream for fear of drying out your flawless skin and making you look older.

The final touches begin with applying the body oil to your toned belly, hips and thighs, keeping special care to keep your monstrous meat tucked. There after carefully removing the breast pumps you move onto your breakfast, five pink pills mixed with a healthy dose of cum. Whether it is your own load or someone else's doesn't even matter anymore. It allows you to keep your perfect bimbo figure; two titanic hips, perfect wide hips, extra tight holes and a massive cum shooter.

After you finish licking the bowl clean it is time.

You go to your computer, sit in your bubbly pink gamer chair and login to your favorite discord, Lewd's Dungeon, the perfect place to get any and all updates related to the world's best smut writer LewdInvention. Your cock immediately hardens, hitting the underside of your desk as you realize;

“He’s done it again,” you whisper, breath heavy, “another chapter of Bleached World: Africa, I sure hope Leon says it’s bleaching time, I always cum when he says that!”

It’s your favorite line.

Your excitement is immense, you realize this is the day you use the LewdInvention butt plug. A pristine pink plug nearly ten inches wide; you can take it easily of course, you are a LewdInvention reader after all. You place the base of the massive plug down on the seat and your greedy ass pussy swallows the entire plug hole. Your tight rim stretching and tightening around your new toy as your cock flails wildly, spewing jets of hot pre-cum under your desk.

“Oh yeah this is gonna be a hands free session,” you mutter, spitting sloppy groans as you gyrate your hips and begin to read the new chapter.

You are the average LewdInvention reader umu~

Author’s Note: April fools, I actually managed to finish something this year! I hope you all enjoyed the short and the OG meme art by yours truly, who knows maybe something I draw will be good one of these days...

As always thanks for the support and the real story will be out soon.
