Chun-Li's Beating and Bleaching

"Uhhhggggnnn!" Chun-Li let out a guttural groan as she took a straight hit to the stomach, her guard broken and body failing. She quickly limped back into an alleyway, trying to get space between herself and Vega. Her outfit was in tatters thanks to his claws.

Chun-Li's qipao was shredded by Vega's claw, her breasts nearly spilling out as she rounded the corner. Her waist band hung on by a thread and her thigh thighs bulged out of the cuts in her brown spats, tearing further with each weak step she made. Chun-Li tried her best to spare herself the embarrassment of being fully exposed in public (along with being beaten), but Vega didn't give her a second.

"Beautiful attempt my dear, but you're not the fighter you used to be—"

"Ahhhhhhhnnn!" cried Chun-Li as she felt Vega's hooked claws hit the back of her calves. Chun-Li tumbled forward, falling on her side. Her jiggling double F-cups spilled out of her qipao, pink nipples popping out of her torn sports bra. For a moment Chun-Li's face was bright red as she realized she just flashed Vega, but she quickly gathered her composure and brought herself to her knees just in time to see Vega's smug chiselled face looking down at her.

"You've gotten soft," commented Vega, "however you've got a certain charm."

It was true, Chun-Li had gotten too thick with age. Her hips had gotten wider, legs fatter and chest heaver. She wasn't a mother but in the past few years she went up two cup sizes. Recalling a moment she scolded some of her younger students after asking what kind of "training" she did to get this body. She didn't consider having spat bursting hips

or a booty her qipao barely covered charming at all and returned Vega's amusement with scorn.

"Don't humiliate me Vega, I won't stand for your—"

"Well at the moment you can't stand at all," Vega teased in an almost flirtatious tone.

Chun-Li's face was bright red for a brief moment, but she didn't let it get to her. Determined to remain defiant at the mercenaries feet until the end as she spat, "Just finish me off and get your petty revenge plot over with. I will not be dishonour—"

"My dear I have no desire to finish you off, at least not in the way you think." Said Vega as he looked down at Chun-Li, and took off his mask.

The years had been too kind to the former Shadoloo agent, his face immaculate, chiselled and young. While Chun-Li had gotten older, plumper and slower with time. She should've realized a direct flight with Vega would be pointless; especially after a surprise attack left her on her back foot and now she was going to be subjected to the insane whims of a western assassin.

"Then what do you-*hnngh* want, bastard?" spat Chun-Li, letting out a pained gunt as she leaned against one of the nearby walls for support, "Are you just here to—"

"I want you as my wife."

"*Huuh?*"

"Out of all the woman that have come and gone in my life, you've stuck around for years—"

"That's because you're a criminal and I work for Interpol you!"

"And you've kept strong, and beautiful despite your age," Vega continued, spreading his arms as if to embrace Chun-Li, "which makes you worthy to be my bride, you should feel honoured."

"Bastard, what makes you think, I'll—*Hnngh*, what the fuck!"

Without another word Vega just whipped out his dick and slapped it down the middle of Chun-Li's face. A massive pale bitch breaker over a foot long, pulsing with fat pinky

thick veins that were larger than all the Chinese men Chun-Li had seen and a thick cock head that was half covered by heavy foreskin. His nuts sagged down slightly, a pair of heavy softball sized nuts, smooth and heavy, covered in a glistening layer of sweat.

“Why the fuck did you pull you...” Chun-Li’s eyes peered up at Vega who had a smile on his face, “Oh fuck no, I’ll bite your cock off before I let you rape me you western pig.”

“For years we’ve clashed, fought and most of the time I’ve won—”

“Most of the time! I beat your ass way—*Hnnnggghh!*”

Vega pressed his cock up against Chun-Li’s face, scrunching her nose up as he continued, “But it takes more than some good looks and a bit of fight to be my wife. So consider this your first real test.”

“Hnnnnssggh, buh-baster, I’m not—snooooorrrt~ mmnnnn,” groaned Chun-Li as she forcefully inhaled some of Vega’s musk.

“Haha, you look conflicted,” laughed Vega, his voice soaked with smugness, “You say you don’t want me but your face looks like all the other pieces of gook street meat that fawn over me.”

“Fucker, I’ll snap you in-*ttthhaa, mmggh,*” she let out a pained grunt, forcing her to inhale more cock musk. Chun-Li was not in a state to properly resist Vega, probably only one good hit away from being down for the count. That was what Vega was counting on.

“Sweetie, we both know you’re in no shape to resist,” teased Vega as he lightly slapped his meat against Chun-Li’s cheeks. Leaving little red marks on her face with each heavy *SLAP!*

“Mnnnnngghhrr, gross white bastard...”

“But if you’re hearts set on it, maybe I should pay a visit to those students of yours.” Vega pulled Chun-Li’s face out of his crotch, exposing her sloppy face. Her lips were curved into an O, nostrils flared as she let out a guttural groan.

Vega held back laughter as he continued, “Perhaps your students would be more willing to fill your place. They are much younger and might make better wife material, what do you think?”

"Hnnnghh, f-fu-fine, I'll play along," sputtered Chun-Li, gathering what composure she could, *"Just leave my students alo-hnnnggh."*

"Sorry gook, I didn't catch that," interjected Vega with a smug smile on his face. He pushed his cock tip against Chun-Li's nose, "What exactly did you want—"

"Rhhhhh, if you think I am going to beg—"

"Because rude gook that don't have manners get left for last."

"Fine!" Chun-Li bit her lip, her expression softening as she was forced to inhale Vega's sweaty cock musk. The part of her that wanted to put up more of a fight was quickly being smothered by a motherly desire to protect her students. Maybe if she played along Vega would get bored, and if Chun-Li was lucky, he'd lower his guard.

"I would like to service your cock, may I use my mouth, Vega?"

"You look like such a cock pig, Chun-Li. Your students would be ashamed if they could see you now," chuckled Vega, shaking his head.

"Rhhhhnnggh," grunted Chun-Li, *this asshole, thinks he can treat me like a street whore. Just endure the humiliation for a bit longer, just endure.*

"Yeesss," spat Chun-Li through gritted teeth, "Please let me service your big white cock."

Vega loosened his grip on Chun-Li's buns, his expression softened as he said, "Radiant, I knew you had it in you."

"Uhhhppph," she exhaled as Vega excitedly pressed his cock against Chun-Li's pouty little lips.

"Now show me you can be a real homemaker."

Chun-Li had very little experience serving a cock so large but at the moment she had no choice. Vega was getting impatient, so Chun-Li swallowed her pride and his cock tip. It was a jaw straining exercise in how inexperienced she really was. Vega's tip was enough to fill her mouth alone, and she really had to work to lick his glands with her tongue but Vega seemed pleased.

“Not bad, an amicable performance but you’re gonna have to do better than that.”

“Mmmmmhnnn,” Chun-Li let out a annoyed grunt, which was choked by Vega’s fat cock head. She could barely get his tip into her mouth and her body was still battered but Chun-Li tried to use her hands, stroking Vega’s shaft. She could barely grip around his girth even with both hands, his veins pulsing, pumping blood through his beastly, smelly, perfect white penis.

This brute has another thing coming if he thinks I’ll give into his disgusting... musky... hard... cock~ Thought Chun-Li as she let out a sloppy *“Mmmnnnggh!”*

Chun-Li’s nostrils flared and her jaw widened as she swallowed more of Vega’s cock. The muscles around her throat began to relax as her brain went blank, all her senses dulling with each inch swallowed. Chun-Li didn’t even notice, but as she tried to snort air back like a pig she got horny. Every time her little nostrils flared her movements got faster, swallowing more inches as her lust-addled brain suppressed the reality that she was just as close to cumming as Vega.

“That’s a good gook, but don’t neglect my perfect nuts, every part of my body should be attended too,” ordered Vega in a casualness that should’ve made Chun-Li mad but instead she obeyed.

“Mhmmmn!” groaned Chun-Li, giving Vega little nod as she caressed his heavy hairless sack with both her hands. So smooth and heavy, she could practically feel the loads churning around in those heavy nuts. Beside this electricity messing with her brain Vega’s smugness didn’t seem worth getting angry about.

Just endure, just endure, just... just... just suck, thought Chun-Li as she let out another sloppy groan, over half of Vega’s massive meat was down her throat, but instead of vomiting she felt good? It was strange, her jaw was getting sore and breathing was hard but there was a natural sense of satisfaction that radiated through her body with every pulse of his cock.

“Mmmmm—mmmmph! Very good, sucking me off like I just came home from work, well done,” cooed Vega.

“Guuuuunnnkk!” Chun-Li’s eyes moved up to meet Vega’s satisfied face.

“I think you’ve earned a big reward for your efforts,” he continued.

Chun-Li's eyes bulged as she felt Vega grab her hair buns, squishing them as he dumped a disgustingly thick load of cum into her stomach. If there were any doubts in Chun-Li's mind that white men were infertile they were gone as Vega's hot seed bloated her belly. She could feel her belly distend and press against what was left of her qipao.

Seed spilled from the corners of her lips as Vega pulled his cock out of Chun-Li's throat. Little strands of spit and cum formed between Chun-Li's lips and his shaft, but quickly broke as Vega's cock pulsed, causing all the strands to fall. Dripping off Chun-Li's chin and onto her tits. There was a moment Chun-Li didn't say anything, she just knelt at Vega's feet, eyes crossed, drooling as her cunt throbbed.

"Very good work for what I suspect is a first timer," continued Vega as he rested his fat cock down the centre of Chun-Li's face.

"Ahhnnngggh, uuuh-ah-are we done?" she sputtered, trying her best to keep whatever crumbling pride she had left.

"Of course not!" cried Vega, he spread his arms as if to embrace Chun-Li, "You've got wife potential but I need to make one-hundred percent sure you're not a common gook who got a little lucky."

"Hnnngggh, fuuuuckin buh—bastard," moaned Chun-Li, too mentally exhausted to put real anger into her voice. She sounded sloppy, drool dripping from her slick lips as she spat her curses.

"But even if you fail to meet my high expectations, you'll still probably be blessed with a hapa—"

"Huuuhhnggh," drooled Chun-Li as she felt Vega tightened his grip.

"Luck you," he continued as he pushed Chun-Li's head against the ground. Her face smushed up against the pavement, which snapped her back to reality really fast.

"Wait!" she shouted, "You're bigger than a horse, aren't you going to use lube or—*mmmnnnh!*"

Chun-Li's nostrils flared and she grit her teeth as Vega ripped off her spats and shoved two fingers into her drooling pink slit. He chuckled, "Why bother, you're already more than ready to accept my perfection."

"Hhnnngggh, duh-damn white dick!"

"Don't worry, you'll adjust to me quickly. They always do," Vega smiled as he pressed his fat tip into Chun-Li's slit. His hands sunk into her firm hips as he gripped her body. Smooth muscle contours that curved into a perfect pair of baby making hips which almost seemed to call to Vega.

"Ahhhhngggh!" Chun-Li's big brown eyes rolled up into her head as she felt Vega's tip enter her slit and with one heavy thrust, his entire shaft was accepted by her insides. Chun-Li's cunt never had to stretch so wide but Vega's cock fit into her insides like a glove, her walls clenched every contour of his cock. Squeezing him almost naturally as he dug deep into her folds.

"That's a good chink, I knew you had potential," grunted Vega.

"Uuhhhaaaahhhmm!" cried Chun-Li, throwing her head back as she squirted on the ground. Her cunt was stretched past its physical limits, her tight stomach muscles deformed by dirty white dick and yet her body shamelessly accepted the pleasure. The shocks frying her brain as she clamped down on Vega's cock.

"Awww, what is the matter Chun, or should I say Chink-Li?" Teased Vega as he started churning up her insides.

"Hhnhnnggghh!"

"What was that, gook?" Vega gave her a big open palm slap on her ass, "Speak up or daddy won't be able to hear you."

Chun-Li let out a low guttural groan before looking back at Vega, a sloppy smile on her face as she begged, *"Mooooore! Fuck my cheap gook cunt harder!"*

"That's surprising, I was expecting more of a fight." mused Vega, pausing his thrust, "you wouldn't be trying to trick me would—"

"Nnnooooope!" cried Chun-Li, interrupting Vega with a sloppy confession, "I've never felt so good in my life, I don't give a shit about enduring to keep chinese honor or whatever, just fuck me. Fucking ruin me and make me a white cock only slut!"

"Such beautiful words."

"Ahhhh, yeeeeessh!" cried Chun-Li as Vega picked up the pace of his thrusts.

"You gooks are always so radiating when you accept your place. Truly your divine realisation has moved my heart, I must put my all into this performance!"

"Foook meeeh, foook meeh, foook meeeehh!" Chun-Li cried in a broken Chinese accent, her brain melting in her skull as Vega pounded her cunt like a jackhammer. Chun-Li could literally see the pavement around her cracking as her broken body was used like a blow up doll but she didn't care. White cock, breeding and womb crushing sex were far more important than her health.

Chun-Li didn't care anymore, no levels of bodily harm or mental degradation were too low for her now. Chinese pride was a shame, all she wanted to be was Vega's cock sleeve, being fucked every day by such a powerful cock. Every thrust moulding her insides to be a better onahole for his cock.

"God you slant eyes get so demanding when you're horny," grunted Vega as his balls slapped against Chun-Li's stomach.

"Hnnnggh, I'm a dumb slant eyed bitch! It's super true, now fill up my chinky Chinese womb! I need to feel more of your cum inside me," drooled Chun-Li, her nostrils flared and she drooled onto the pavement as Vega's cock deformed her midsection.

"That's it Chink-Li, stay nice and tight for daddy and you'll get everything you wanted."

"Thaaaaanssh yoooush! I want it all!"

PLAP!

PLAP!

PLAP!

Vega's nuts slapped against Chun-Li's crotch like wrecking balls, filling the alley with the sound of hard wet slapping as her body was fucked into the pavement. Her clit swollen as her folds were scraped out by Vega's godly white cock, Chun-Li never wanted this moment to end. Even if it meant Vega would keep fucking her even if she passed out!

"I doubt you'd be able to handle it all, dear but take a little piece for now," teased Vega.

"Oooooohnnnn!" Chun-Li's eyes rolled up into her head as Vega poured a massive load of hot white nut into her cunt. She could feel his cum filling her womb, inflating her stomach and filling her fallopian tubes to the brim as she squirted over the pavement. Her body shivered as she grunted and sputtered like a sow in heat.

"Uuhhhaaaaahhn~" Chun-Li let out a sloppy groan as her body went limp when Vega's cock popped out of her pussy. Her body trembling and shaking as Vega's extra thick load of backed up ball slop poured from her pussy.

"Is that it?"

"Uhhhhhhnnn-huuunnhh," drooled Chun-Li, a bead of drool dripped from her mouth as her eyes fluttered. She looked fucked out of her mind, a broken bitch whose cunt had been pounded into mush. However, Vega remained unimpressed.

"Pathetic," Vega slapped his cock against Chun-Li's ass, making her doughy cheeks ripple as he spat, "Such promise but no stamina, unfit to be my wife."

"Uuuuhhhnn," Chun-Li's eyes focused just in time to see Vega stand up and start walking away.

"I'll have to pay your students a visit," sighed Vega, disappointed, "maybe one of those gooks will have more skill than their master but at least it'll kill some time."

"Wait!"

"Oh-ho, a second wind perhaps?" Vega turned back and saw Chun-Li rise to her knees and pull her tits free of the meagre scraps covering them. Her pink nipples poked out of her areolas, twitching and hard as Chun-Li looked up at Vega with wide eyes.

"I can still continue and you can fuck my students too if you like," Chun-Li wrapped her tits around Vega's massive member as she groaned "just please don't leave me!"

"Alright, I'm willing to see what you've got," said Vega, amused by Chun-Li's desperate display. Perhaps she wasn't just another piece of Chinese street meat?

"Haaahn, it's so big, so tasty~" moaned Chun-Li, desperate to milk Vega's dick. She cleaned his penis with a religious fervour, wiping and licking all their juices off Vega's cock until he was perfectly clean.

“A little sloppy but not bad for a first tit job.”

“Thank you sir,” Chun-Li looked up, her big brown eyes desperate, “I still have a hole you can use!”

Chun-Li stood up, legs shaking and cunt still leaking Vega’s thick seed. It was getting so hard to think, her brain buzzed with electricity every time she looked at Vega’s cock. She couldn’t live without him anymore and presented her ass to him. Chun-Li placed her hands against the wall and pushed her ass out for Vega.

“Please don’t hold back,” mewled Chun-Li, as she reached back with one hand and pulled her firm ass cheek to the side, “Take my anal virginity and make me a total slut for your big white cock!”

Vega pressed his cock up against Chun-Li’s anal entrance, slowly spreading her rim open as he said, “Even if you collapse again, I’ll make sure your slutty gooks hole never forgets my cock~ *oooooh!*”

“*Mmmnnngghh, fuuuuck!*” shouted Chun-Li as she threw her ass back, impaling her virgin hole of Vega’s cock as he grabbed her hips. There was a moment she didn’t think it was possible, but the second his tip spread her rim Chun-Li’s body relaxed. Allowing Vega’s cock to reach deep into her bowels. Chun-Li grit her teeth, cum packed pussy pulsating as Vega’s cock filled up all the space it could, displacing the cum in her cunt.

“What a sloppy bitch, wasting my precious cum!”

SLAP!

SLAP!

Vega planted a pair of heavy spankings on Chun-Li’s cheeks, causing them to jiggle as she sputtered, *Sooowwwy! Whu-white dick is too big for my chinky Chinese ass pussy! And you’re forcing your hot cum out of my bloated gook w-wh-woooomb!*”

“I’ll have to refill your pussy later then,” he continued, slamming his shaft deep into Chun-Li’s cunt.

“*Hnnnhhh, duhhnn-daaakk yoooussh!*” she sputtered through gritted teeth.

Chun-Li thought her body would've given out in the first few seconds of being penetrated but she felt great! Having her stomach deformed and guts rearranged was apparently what she needed for a second wind. Her body managed to stand firm as Vega's heavy nuts slapped against her with incredible force over and over, her cheeks jiggling from each deep bowel churning thrust. There wasn't a second spent where she wasn't squirting her brains out.

Then Vega rutted her deep, rutting her like a wild doh, she could feel his force rushing up her spin as his cock swelled. His orgasm was so close and Chun-Li needed every last drop. So she squealed, begging him like a sow in heat, "*Hnnngggh, fuh-fill me stud, corrupt every inch of my chink insides!*"

"Take my superior load you dumb gook," grunted Vega as he started to nuts, "*Hnnn*, better be grateful I am wasting a load on your sow fuck-hole."

"Haaaaahhnn, I l-lu-love it~"

Chun-Li's expression, melted her jaw hung slack as Vega burst like a volcano, coating her anal interior with his superior white ball spunk. It was so hot, she could feel her insides expand, trying to make room for his massive load. It was still hard to believe anything could cum this much but Chun-Li was beginning to think white men weren't just a different calibre of fighter.

Holy fuck, I've never cum so hard~ Chun-Li thought as she looked back at Vega with hearts in her eyes, *all I got to do is endure a few more rounds and Vega will put a ring on my—*

"Hnnnnnggghaaa!" Chun-Li's teeth grit and her legs buckled as Vega pulled out and shoved his cock deep into her pussy.

"Don't think I am done with you yet, Chun-Li," grunted Vega as his tip speared her womb.

"Uuuuhhnnnmm, muh-my cunt is breaking!"

"You're wife material, you've earned that much but I am nowhere near satisfied." he continued, bashing his swollen tip against the back of Chun-Li's cunt.

"Thank you! I promise to stay nice and tight," cried Chun-Li in a sloppy voice, "I won't pass out again I *pwomis!*"

“Good gook, I know my fiance wouldn’t leave her husband unsatisfied. So, let’s get an early start on those Hapas!”

Chun-Li’s eyes crossed as she came, coating the pavement in her cunt honey as she mewled, “*Mmmnnnnhh, yu*-yes sir, *thu*-thank you sir, make me a mother!”

Chapter. 2: Wedding Vows

Extra Kinks: Sissification, Femboys, Feminization, Rimjob & Nose Hooks

A church was reserved and filled for Chun-Li and Vega’s wedding. Vega didn’t have many guests but Chun-Li had a lot of students, who were more than happy to be guests for their sensei’s wedding after a hard bleaching. The students were all like Chun-Li once, proud, honourable and strong but didn’t stand a chance against the experienced fighter; especially since their mentor happily betrayed them for Vega’s big white dick. Chun-Li helped Vega break each of her students, taking delight in breaking and bleaching an entire generation of Chinese martial artists. Soon all the girls at Chun-Li’s academy were white cock addicts, happily huffing Vega’s nuts like brain dead whores.

While the boys were completely broken and started a harsh new training regime to be maso-sissy sluts. Vega first trained their assholes, employing the girls to use strap-ons and dildos to turn their once tight assholes into sloppy holes that existed to take Vega’s big white cock. Then soon after they were turned into flexible femboy hookers that were whored out to all the white tourists that wound up in China. Chun-Li especially took great glee watching them devolve from proud Chinese fighters into muscle sissy trannies only capable of sucking fat white cock.

They all worked so hard to afford her a lovely venue and honeymoon with her new husband. It was the least they could do after Vega worked so hard to turn them into girls, and they returned her fiance’s love. All her proud sissy students, and stacked gook sluts showed up for the ceremony.

On one side of a large church the girls filled the pews. Several dozen raven haired, athletic chinese beauties, all dressed in slutty qipaos for the occasion. Barely the tops of their tits were covered, and a small strip of blue cloth were the only things covering their pussies and asses. Out from the hems of their dresses peaked Queen of Hearts tattoos, all in various places but each one marked them as a student of Chun-Li's Chinky Chinese school for worshipping white cock!

While the "male" students weren't much different. The boys all wore some form of maid outfit, short skirts, micro bikinis or fishnets. Whatever slut wear was convenient clad the bodies of nearly a hundred fully feminized Chinese bois. All their assholes were stuffed with all kinds of sex toys, their cocks locked tightly in steel chastity cages: a special training to "practise" modesty and self control according to Chun-Li. Their once masculine faces had been smoothed into cute feminine perfection and were caked in whorish make-up.

They were all on edge as they looked at their master, Vega. He stood at the altar, dressed in a pristine white suit, waiting for Chun-Li. The tension was rising, a few of the girls had started masturbating and the boys joined them, riding their dildos with crazed looks in their eyes. Then the doors of the Church were thrown wide open, and Chun-Li entered.

"My dear you are positively radiant," cried Vega as Chun-li walked down the aisle dressed in little more than lingerie. Her legs were clad in tight lacy stockings that reached her upper thighs, attached to a matching garter belt which clung to the contours of her wide hips. Over her navel was a tattoo, a wedding gift from her beloved groom. A brilliant blue queen of hearts womb tattoo, underlined by a twisting filigree and dotted by a little blue crown. Both Chun-Li's tits were cupped by a lacy bra which showed off her puffy pink nipples and attached to a collar around her neck. Her dress' train was held by two of her female students, and the ring bearer was a giddy little femboy.

He trailed behind Chun-Li, carrying both rings on a pillow. Chun-Li just wanted a simple gold ring and that's what she got but Vega had a higher standard. A perfect red diamond was "acquired" by Chun-Li for her groom to be, making sure he'd have something to truly show the depths of Chun-Li's new devotion.

"That's only because I am here, my dear." she responded as she stood at the altar, "I've been waiting for this moment for what feels like ages."

"It does feel that way, and I'm surprised there is such a European venue in China."

Chun-Li giggled as Vega parted her veil, "It's just a cheap Chinese copy, dear but I am happy it pleases you. Hopefully you'll show me a real one when we visit Spain."

"I'll show you more than old churches."

"I hope so," cooed Chun-Li as she rubbed Vega's bulge.

"Shall we get started?"

"Of course," Chun-Li looked over to her ring bearer and spat, "sissy, get those rings over here and kneel before your white god."

"Ahhhhh, yes ma'am!" The feminized fighter knelt down on one knee between them, lifting the ring pillow high. He was shivering, his little clitty trembling in his null chastity cage as he watched his idol swear herself to be Vega's hapa factory.

"Look at this pathetic little gook, so weak and so close to cumming—"

"Hnnnngh, su-suh-sooowwy master!" yelped the ring bearer as he leaked a few drops of cum onto the ground, his limbs shaking.

"I agree dear, though it looks like the little sissy already burst," said Chun-Li, feigning an embarrassed blush as she held out her hand for Vega, "It's so gross."

"But I suppose it is in their nature. They can't help being as excited as we are~" said Vega, sliding the ring on Chun-Li's finger.

Chun-Li took a moment to admire the golden band, her cheeks bright red as she spat, "Hardly, these brain dead gooks aren't a fraction as excited as I am now."

"Forgive me dear~" responded Vega as he held up his hand, "I didn't mean to put you on this seedless sissy sluts level."

"Don't be silly dear, I may be your wife but I am still a gook," continued Chun-Li as she slid the ring around his finger, "I exist to please you and you alone now—*mmmmppphh!*"

Chun-Li's brain melted as Vega locked lips with her, their first kiss since Vega showed her the superiority of big white cock. Her heart fluttered and head grew light as her tongue twisted around his. Chun-Li's hand instinctively rubbed Vega's bulge, he was

already so hard, so big. Chun-Li couldn't wait for the main event, yet wanted the kiss to last a little longer.

Then after a too short moment, Vega pulled back, leaving Chun-Li a little stunned as she muttered, "Isn't someone supposed to say, 'You may now kiss the bride—'"

"You just did dear," responded Vega.

"Good point, should we waste anymore time?"

"*Hmmmm*, no," responded Vega shaking his head, "We can always share a dance later and besides—"

Vega gave the pews of his pets a little look. All of them were masturbating in some form or another. Stuffing their holes with their fingers, toys and plugs. A few of the girls took some of the toys meant for the bois and in return stepped on them while they all watched their first kiss as husband and wife.

"I have another gift for you."

"*Hmmmmm*? What else could you have possibly gotten me?"

"A very special gift to remind you of our first time." Vega opened up his suit and pulled a very long piece of leather out of his pocket which turned out to be—

"A nose hook!" mewled Chun-Li as Vega held out the long strap with attached golden hook. It glinted in the church light and she felt her heart flutter as she imagined how slutty she'd look with it on.

"Shall I put it on you."

Chun-Li gave Vega a nod and turned her back to him. Her perfectly sculpted back muscles flexed and trembled and her perfect glutes had already swallowed her pantines. The white fabric disappeared into her crack. Vega dangled the hook in front of Chun-Li's face and she inserted the hooks into her nose and Vega anchored it to her choker.

"How do I look?" asked Chun-Li, snorting slightly as she looked at Vega, her nose scrunched up and piggish as she gave him a lustful smile.

“Like a slutty gook sow.” Vega chuckled, half impressed by Chun-Li’s devotion.

“Thank you my white god. Please let your stupid sow show your devotion,” Chun-Li fell to her knees and with a quick motion whipped out Vega’s cock. His shaft nearly blocked out her face, cock head swollen and pulsing and the sight of it whipped the crowd into a frenzy. The students that had resisted gooning or masturbation immediately started fingering themselves or stuffing whatever cock shaped objects they could into their holes.

“It’s so beautiful dear, the perfect penis unlike this cuckold loser!”

“*Hnnngggh*, yes mistress,” groaned the sissy as he shivered at Vega’s feet, averting his eyes as his caged clitty shivered and leaked.

“That’s right bitch, you worthless Chinese cucks can’t do a thing when put beside white cock,” continued Chun-Li as she kissed his tip, leaving a big blue kiss mark over his urethra.

“I trained you well,” commented Vega

“I just do what comes naturally, dear.” Chun-Li took Vega’s tip into her mouth, running her tongue around his glands while her lips extended into a slutty duck face. She only polished the first few inches before she popped her lips off his cock.

Chun-Li gave her flower girls a look of disdain as she spat, “Don’t just stand there gooning like a bunch of retards, help me get my husband ready—*mmmwwaah!*” She kissed the underside of Vega’s cock before continuing, “You too sissy!”

“Sorry sensei!” shouted the trio of her students before falling to their knees. They crawled over to Vega’s feet, pulling down his pants before servicing the length their teacher had not already claimed.

“Thank you for the privilege master!”

“We’ll make sure you’re super hard!”

The flower girls mewled as they serviced Vega’s heavy nuts. Smearing their red and purple lipstick over Vega’s cock, creating smudges and rings of worship all over his

superior sack. They both hoped Chun-Li would spill a bit of his seed so they'd be allowed to clean a few drops of his divine seed.

"You've got such a beautiful butt, master, I am unworthy—*mmmm! Buh*-but I'll make sure to give you all the worship you deserve!" The sissy was the most depraved of the three, and claimed his master's ass and taint. Spreading Vega's muscular cheeks as he planted big red kiss marks all over Vega's taint and asshole. He let out such sloppy mewls as the sissy made out with his sweaty asshole; all while he was on the edge of orgasm.

"My students are all such pathetic pets, they should be grateful you keep them around, dear." Chun-Li moaned between licks up the underside of Vega's cock. Her pig nose twitching as she inhaled Vega's hot cock stink.

"It's true, I am really far to kind to these gooks," sighed Vega as the church was filled with grunts and groans of pure pleasure.

"Shall we get on with the ceremony master or shall I service your cock a bit more."

"*Hmmm*, how about a little challenge," Vega grabbed the base of his cock and smacked his meat against Chun-Li's cheeks as he said, "If you can make a ring around the base of my cock, then we can continue."

"*He-hmmm*, easy," moaned Chun-Li as she took Vega's tip into her mouth, but she didn't stop at the first few inches this time. She took his meat deep, his fat shaft making a very noticeable cock bulge in her throat that grew with each inch swallowed. There was a point when Chun-Li's students looked at her with smug eyes. They watched her hit the halfway point, her eyes twitched and her jaw was stretched. No way Chun-Li would actually swallow all their master's cock, they expected her to choke but Chun-Li wasn't the pathetic throat virgin she was when Vega first proposed. She was now a well trained throat slut~

"*Ghhuuunnkk—snooooorrt—snooooorrt!*"

However, Chun-Li still had to take her time with a cock at Vega's impressive size. The inches slowly slid down her throat every minute. Her pig nose snorted such sloppy groans but eventually her thick blue lips left a sloppy ring of lipstick on the base of his cock, before Chun-Li pulled her lips back. For a few moments they extended into a sloppy duck face, her mascara running down her cheeks as she left long smudges down Vega's cock.

“Snnooooort—hnnaaaaahhhn, duh-dat good, dear?” drooled Chun-Li after her lips popped off Vega’s dick, they remained open for a moment, drooling as she looked up at him with sparkling teary eyes.

“Very good,” grunted Vega as his pair of pets sucked his nuts, “I think it’s time to consummate our marriage before god, don’t you think dear?”

“Yes!” cried Chun-Li, drooling on her tits as she answered Vega. She quickly stood up and bent over the nearby alter, “Fill me up with your hot white cum, and knock me up in front of all these cheap Chinese sissies and sluts.”

“What wonderful vows,” teased Vega as Chun-Li looked back at him. Her pig nose twitched as she spread her fat ass cheeks, revealing her drool slit and the bejewelled base of a butt plug.

Vega stepped forward, knocking his pets to the side as he grabbed Chun-Li’s hips and pressed his cock against her cunt. Her clit swelled as Vega’s cock slowly sunk inside, “Get ready dear, I am not going to hold back~”

“Hnnngggghhh, guuuud!” spat Chun-Li through gritted teeth, her lips curved into a sloppy smile as the mascara lines edging her cheeks thickened. She couldn’t hold back the tears of joy, Vega’s cock was stretching her out for the first time as husband and wife. An electricity ran through the air, Chun-Li felt divine like a holy pinnacle was reached and pure bliss radiated through her body.

“What a naughty wife, you’re clamping down so hard!”

SLAP!

SLAP!

SLAP!

“Eeehhnnnn—snooooort, moooore!” cried Chun-Li as Vega return her oinks with more spankings, making her fat Chinese cheeks red. She squirted over the tile, her body convulsing as she devoted every single shred of her energy to making sure her cunt was tighter than a vice.

"I'll cum early if you keep squeezing me like that— And how greedy of you three," sighed Vega.

The trio of his pets had snapped out of their haze and had returned to their cock worship. Treating every single inch of Vega's godly cock with care, kissing, sucking and slurping his nuts, along with whatever inches weren't currently stuffed into Chun-Li. While the sissy returned to kissing his master's ass, his broken clitty squirting as he poured all his effort into being the best ass licker in all of China.

"*Hnnnggh, hu-who* cares about those stupid cock huffing pigs,*snooooort!*" Chun-Li let out a sloppy grunt as Vega's big white dick deformed her abs, "You've got your *numba-wan* sow right here!"

"Too true, you are daddy's number one piggy." Vega grabbed Chun-Li's hips and buried every single inch of his pulsating white pillar inside her pussy.

"*Ahhhhhhnnnggh!*" Chun-Li's tongue flopped out of her mouth as Vega continued, "And it's my responsibility to give my sow of a wife her slop!"

"*Buuuiii, buiiiii, buuuuii!*" screamed Chun-Li, filling the church with the sound of her oinking as Vega's cock busted a fat load deep inside her womb. His cock poured so much inside, more than Chun-Li thought she ever received. The impact of his hot nut bust alone was enough to make her cum and the fallopian tube packing was just the icing on the cake.

Vega pulled his meat out of Chun-Li's pussy, her walls were positively drenched with his cum, staining them white. She shivered for a second before moaning, "God I hope you gave me twins...*mmmmmn~*"

"I filled you with enough for triplets," added Vega.

"God I hope so," Chun-Li's eyes fluttered as she imagined her swollen belly, filled with Vega's children, "Please give me a moment dear, your stupid good wife feels so overwhelmed right now."

"Oh how will I occupy myself while my wife recovers," asked Vega, coy as he looked to the group around him, "Does anyone want a turn?"

"Yes master!" cried the students (that could still stand) as they charged over the pews to get to their white master's feet.

A whole host of horny Chinese street meat gathered around Vega and before he could say another word, started slurping the leftover cum and pussy juices off his cock. Their lips leaving smears of brightly coloured gloss and lipstick up his cock as they fought over what ropes of leftover cum their mentor left for them. While at least three students worked on Vega's sack, slurping his heavy nuts and licking the sweat off his sack. Making sure he was spit shined for whatever needy bleached pet he decided to use next.

"Such a hard working bitch." Vega grabbed the girl sucking his cock by her long black hair and started to pull her down on his cock. She let out a sloppy groan as her lips wrapped around his shaft. Throat stretching with each inch Vega stuffed down her wind pipe as he used her like a cheap sex sleeve. Resulting in protests from her fellow students;

"Lucky gook!"

"I wish I was her..."

"Fucking bitch, I give much better head."

"Master me, *toooo!*"

"Keep quiet you brain dead cumdumpsters. Show your master your beauty and maybe you'll be given a fraction of my attention," shouted Vega, his voice had an aura of superior command like a king addressing his subjects. His words alone enough to make the group shiver, their minds melting as they returned to their worship by uttering a unanimous;

"Yes master!"
