Bleached Fur Chapter.2: Asriel and Frisk

Asriel and Frisk had just finished an extra boring day of school, but it was about to get a whole lot more exciting. Today they'd both be rewarded together by their master for betraying their own mother and helping him turn her into a bleached monster whore. He'd stayed home with Toriel to bond with his new mommy and reluctantly his new siblings had to go spend an entire day of school studying instead of having their guts rearranged.

But now they were both back home and ready to play!

"Master! Are you done with Undyne yet?" shouted Asriel as he hurried through the door, tossing off his shoes and pulling off his jacket.

"The fish bitch just passed out," shouted Adam, his giddy voice echoing from up the stairs, "So it might be your turn if you hurry the fuck up!"

Frisk smiled and she took off her clothes. Around her neck was a fuzzy white pet collar with a heart tag. Her loli body had developed slightly since returning to the human world, her chest was only beginning to puff out, both her nipples puffy and pink. However her bottom had matured considerably, making her an extra thick short stack. Frisk had a cellulite stuffed cake to rival her brother and Toriel (after another year of growth). Her caked-up hips aggressively curved into massive jiggly globes of bouncy ass flesh with a big red queen of hearts tattoo on the right cheek, and another more regal heart tipped with a crown over her pudgy tummy.

Asriel's slutty shota body matched his sister in many respects. His collar was bright pink matching his ass and womb tattoos but Asriel was more than just marked, he was molded to be a bleached bitch. Thanks to Adam's training his masculine edges were smoothed out early, to the point Toriel thought she had two daughters. Asriel's

premature body was developing feminine feature's fast: puffy pecs, wide and puffy nipples, smooth feminine midriff. His tattoos matched his sister and so did his proportions. Asriel's hips were nearly as wide, bubble booty thick and plump. Just barely propped up by his plump goat boy thighs, and between them was his little monster boy clitty! Tightly locked in a null cage that squished Asriel's once regal dick to a much cuter point one inches, which Asriel just loved.

"Here sis, the final touch." Asriel pulled out some more supplies from the closet; a duo of matching leashes and a pair of big floppy dog ears for Frisk. Sadly they couldn't wear them to school. Hopefully one day they'd be able to be Adam's outside pets. They would be able to freely walk (more likely crawl) in public with their leashes firmly in their master's hands, but for now the depths of their devotion would need to be kept secret.

"*Mmmhmmmm!*" Nodded Frisk as she clipped the leash to her collar and quickly followed behind Asriel as he ran towards their master booty clapping all the while.

Toriel heard her kids running and poked her head out of the kitchen to greet her excited kids. Her extra thick body filling the door frame as she cooed, "You kids look so cute today~"

The mere sight of Toriel made her children painfully jealous. Her belly was absolutely stuffed with cum to the point she looked pregnant with twins; both breasts swollen, teats lactating as they rested comfortably on her distended cumbelly. Barely covered by her thin apron but the trail of anal beads that dangled from between her cheeks was plainly visible to both kids as they dashed past, giving them a brief look at the pleasure they might experience once they enter the bathroom.

"Tell your big brother dinner will be ready soon." she continued, giving her kids a little wave as they went to meet their master.

"Master, mom wanted to—*Holy!*"

Asriel's clit strained against his cage and his cheeks grew flush as he saw Undyne's decimated body. Her once powerful and muscled body was bent over the side of the bathtub. Her abs deformed by a massive cum belly squished up against the edge of the tub. While her fat ass was covered in all kinds of awful degrading profanity written in black sharpie: *bleached bitch, cum addicted, pedo-whore, kiddie cum-dumpster, white cock cleaner, half-fish factory, shota cock slut* and *monster milk machine* where just a few of the many phrases covering Undyne's asshole and Adam was just about done fitting one more.

“There,” he exhaled, satisfied, “I’ve used as much room as I can.”

Cumflated Shota Sex Sleeve, was the last phrase Adam wrote on her athletic blue cheeks as he finished cumming. The last S signed just as the last rope of ball slop entered Undyna’s bowels. Adam had to stand on Undyne’s calves to reach, but there he was the perfect height to keep every inch of his long white shota cock buried in her holes.

Then with a loud *PLOP!* Adam finally pulled his massive white meat out of Undyne’s gaping asshole. Her dark blue rim was glazed with cum and her well stretched hole was packed to the point Adma’s cum flowed back out like hot creamy soup. It stuck to Undyne’s anal walls and flowed down her taint as he looked back at his two awe struck pets.

“Well don’t just stand there,” Adam sat on the edge of the tub, “Didn’t you want a turn?” His heavy nuts resting on the side of the tub and his cock was still hard. A long, pale and throbbing, reminder that their master’s meat still needed more loads milked; despite how much he already dumped into Undyne.

“Yes master!” Asriel dropped to his knees and crawled over to Adam’s feet and Frisk followed. Their eyes fixated on their master’s fat shota cock but they weren’t going to start sucking without permission. Frisk and Asrtiel were much better trained than other common mutts.

Asriel was shivering with excitement as he lifted his leash up and presented it to his tall and domineering master, alongside Frisk. His little goat tail wagging as he mewled, “I made sure to wear my collar all day like a good sissy pet and Frisk did the same!”

Frisk gave Adam a quick nod, her big amber eyes shining and her breath heavy as Asriel continued, “*Sooooo*, can we have a turn servicing you, we’ve been dreaming about slurping your big white cock all *daaaaay*, right Frisk?!”

Frisk quickly nodding drooling out a sloppy, “*Uhhhn-huuuuhnn!*”

“Such sluts, I bet you kiddie sluts have been thinking about me all day.”

“*Uhhnnhuun!*” drooled the pair.

Adam pulled on his pet's leashes forcing them forward onto their hands as he asked, "but does that mean you deserve a reward?"

"Mnnngghaaaahn~"

"Haha, what a pathetic little monster bitch," Adam pressed his foot against Asriel's head. Squishing Asriel's snout against the floor as he asked, "Did you just cum?"

Frisk looked at her brother's crotch where a meek clear load of monster boy sperm was dripping onto the floor. She looked up at Adam and nodded as he brother drooled a sloppy, *"Yeeeeessh, maaasshtteerr!"*

"What a loser, it's a good thing I made you a sissy girl. Now you can grow up right," teased Adam.

"Hnnnggghh!"

"Do you even care that I made you a seedless sissy cock slut?"

"Nhhuuuu! I luuvvss issstt!" drooled Asriel as Frisk let out a giggle, laughing at the pathetic state of her brother.

"Do you want more cock faggot?"

"Yeeeeessh!"

"Well then, stop mewling like a bitch and start cleaning my cock. Same goes for you gook," ordered Adam as he lifted his foot off Asriel's head and he almost tumbled backwards as his siblings pounced on him.

"Hnnnggh, ddduh-daaanssh yooossh!" drooled Asriel, his eyes crazed. He fervently grabbed his master's leg and started licking up the underside of his cock. His long goat tongue slurped up the thick ropes of leftover cum that coated Adma's cock, and Frisk got to work on her brother's cock head. Taking Adam's swollen tip into her mouth before sucking back all the leftover drops of spunk inside his urethra.

"Mnnngggghh, sooooo guuuud!" cooed Asriel between loving licks, "I could clean you cock all day long big bro~"

"Mmmmmmggh!" agreed Frisk as her thick loli lips extended into a sloppy duck face. Her tongue constantly teased Adma's glands as she kept a vacuum suction on the first few inches of his dick. She was unwilling to let a single new drop of pre-cum spill and wasn't going to let Asriel hog all the fun.

"Soon we'll have some time off and I might just let you," responded Adam, petting his pets on the head as they sucked, "Unless mommy monopolizes me."

"Fuck mommy!" shouted Asriel, "we need you cock way *moooore!*"

"Mmmmhmmm!" groaned Frisk.

Asriel quickly made his way down to Adam's heavy nuts. His long goat tongue coated the surface of Adam's cum factories in thick spit and he slurped up Adam's sweat as he declared, *"Ahhnnn, mmmph—yu-your stupid bleached pets should be in charge of milking your godly white shota cock!"*

"Is that right?" chuckled Adam.

"Mmmmmhhmmnnn~" Frisk's groans trailed off as she swallowed more of Adam's meat, she could feel him pulsing and leaking thick globs of pre-cum directly into her throat with every inch she shoved down her throat. While Asriel happily lapped up the rest of the spilt cum and beads of sweat that covered Adam's sack.

Adam grabbed Asriel's horn and pulled the goat boy's snout out from between his nuts, "Then how about you prove it, pet."

"Hnnnggh, yes master!" drooled Asriel, trembling with excitement as he pressed his head against the ground and pushed his ass up, "Please master, use your seedless sissy shota-slut as a cock sleeve! Dump all of your hot loads in my tight boi-pussy, I promise to stay tight!"

"Mmmmph!" Frisk let out a groan as her lips popped off of Adam's spit shined dick. A little drool dribbed off her chin as she panted for a few seconds. Then she paused, giving Adam a playful little smile before climbing onto Asrial's prostrated body.

"Frisk! What are you—*mmhhnn!*"

Frisk planted her ass on the back of Asriel's head, forcing his face to smooch against the ground. She shook her hips making sure Asriel was good and squished before

grabbing his thick, furry cheeks and spreading them for her master, giving Adam a full view of Asriel's plugged butt. The base of a heart shaped ruby studded plug was poking out of the dead center of a puffy anal donut (one of the many ways he took after his father).

Frisk gave Adam a wink, her amber eyes shining as she grabbed the base of Asriel's plug, causing him to let out a muffed, *"Hnnnggghhhmmmm!"* Asriel's hole stretched and his asshole trembled as Frisk pulled the thick plug from his well trained boi-hole. It gapped slightly as Frisk's hands sunk into his soft goat by flesh, spreading him wide open.

"What a good gook," grunted Adam as he stood behind Asriel and pressed his cock head against his anal entrance, "Despite you being a mute retard I always seemed to know what you mean, sis."

"Mmmhhaan," cooed Frisk, her fingers sinking into Asriel's flesh

"So, I'll fuck this loser's asshole hard!"

"Ahhhhmmmm!" Frisk quickly nodded, licking her lips as she moved her lips down to Adam's cock. Taking long licks up the half of Adam's shaft that was exposed.

"Hhhnnnggghhhn!" Asriel let out a loud cry as he had a sloppy wet orgasm. Adam only inserted a few inches but his swollen prostate was extra sensitive after a full day of dreaming about white dick. His resistance melted under a wave of pleasure as his poor boi-pussy melted.

"You're such a slutty little bitch boy."

SLAP!

SLAP!

"Aaahmmmm!" cried Asriel.

Frisk joined her master in planting a slap on Asriel's cheeks as he screwed his asshole. His thick cock sinking deeper as Asriel's broken clit spewed clear useless drops of cum until nothing was left inside his tiny monster boy nuts.

“Aw look,” Adam sunk his cock all the way down, lubed by his adopted sister’s spit, “she’s cumming like a real girl.”

“*Hehehe*,” Frisk giggled as she felt her brother squirm under her butt.

Asriel’s little nuts might’ve been empty but he’d long ago forgotten how to cum normally and was greeted by multiple back to back dry orgasm. Each one caused his broken boy clit to strain against his cage, trembling as his brain melted from the deep thrusts. Adam was shorter than Asriel but despite his size he pounded his goat-boi pet into mush, bulging Asriel’s belly to the point it pressed against the floor. He couldn’t hold out for much longer but luckily he wouldn’t have too.

“Alright bitch, you’ve finally earned a load,” grunted Adam as his cock rutted deep in Asriel’s bussy, “Should I cum inside or outside, sis?”

Frisk nodded before getting down close to Adam’s cock and planting a trio of kisses on his crotch as Adam said, “I thought so too. Hopefully this load knocks you up, slut!”

“*Hggghmmnn!*” Asriel’s voice was hardly muffled as he let out a loud groan. His brain melted into slop with every meek dry orgasm he experienced. No thoughts entered his mind and no sensations blessed his broken brain beyond the sweet shocks of pleasure that came as his pudgy shota belly inflated with seed.

“Such a good little goat, you kept your boi-pussy nice and tight.”

Frisk licked along the topside of Adam’s cock as he pulled out of Asriel’s ass. Her tongue scraped up a layer of leftover cum all the way up to Adam’s tip as it popped out of Asriel’s asshole. His anal donut glazed itself as his insides twitched and pushed out a geyser of cum. Frisk had to lean back to avoid getting her chin soaked, but she wasn’t above starting to clean the cum from her brother’s cheeks. Sucking the sweet white seed off his ass with renewed gusto.

“Don’t tell me you’re only satisfied with your little bro’s sloppy seconds?”

Frisk shook her head and crawled off Asriel’s body, finally giving Adam a good look at his goat slave’s sloppy O-face. Asriel’s eyes hand rolled up into his head, tongue had fallen out of his mouth and onto the floor. He looked absolutely brain fucked, unable to move a muscle but Frisk was giddy and ready to go.

“Oh does my dumb gook puppy need master’s meat?” asked Adam, coy as he watched Frisk assume the position.

Frisk crawled on all fours, wiggling her fat loli ass in the air as she peered back at Adam with a sheepish grin. With every clap of her fat yellow cheeks her asshole and slit gave Adam a big wink. A fine example of a young bitch in heat and what kind of master would Adam be if he ignored her needs?

“I’ll take that as a yes.”

Frisk made a mock attempt to try and “escape”, crawling across the floor while shaking her fat fuck pillows. An attempt to attract Adam which quickly worked. He grabbed her wide hips, fingers squished into her soft flesh as Adam’s cock slapped between her plump cheeks.

Frisk didn’t resist her master and moved closer when he pulled her in but didn’t overstep. She waited for Adam to insert his wonderful white cock, nearly going crazy as Adam’s cock poked her slit as he teased, “You’re really soaking sis, you must’ve been been on the edge while I filled up our faggot brother.”

“*Uuhhhnnn!*” Frisk nodded as she looked back, hearts in her eyes a bit of drool flung from her lips.

“Poor gook, I promise not to hold back—” Adam started shoving his cock into Frisk’s cunt as he continued, “One single inch!”

“*Uuhhhnnngghh!*” Frisk bit her lip and threw her head back as her master’s cock bashed against the back of her womb. There was no resistance as her needy pussy happily accepted the length of her master’s shaft but Frisk clamped down the second she felt her belly bulge. So desperate to milk out a thick load of ball snot that would turn her into a hapa factory.

“Slutty little bitch, you’re bleached harder than my faggot.” Grunted Adam as he started moving his hips, “At least he can spend five seconds without my cock but you’re always fiending, aren’t ya?”

SLAP!

“*Ahhhhnnnggh!*” Frisk let out a sloppy groan as Adam’s heavy nuts slapped against her backside.

“But I suppose it’s only natural.” he continued, keeping a rough pace as he scrapped out Frisk’s insides, “Gook whores were born to be white cocks sleeves just like the monsters, you can’t help becoming retard, can you sis?”

Frisk turned her head back, hearts beating in her little amber pupils as she nodded, mouth agape as she drooled, *“Uhhuuuhnnn!”*

There was no doubt left in Frisk's mind, she belonged to her hung white master. The second she saw his cock by chance her life was over. She couldn't stop thinking about his thick white meat, giving childhood, her brother and eventually her mother to him. To better satisfy his desires. Frisk didn't even see it as a betrayal anymore, it was her obligation to give everything to her master and she could only thank him by staying determined and using her tight loli holes to give him a good milking.

“Good doggy, you’ve managed to stay nice and tight.” Adam tightened his grip on Frisk’s leash, causing her to whip her head back as his kid dick head beat the back of her womb.

“Nyyggghhaaa!” Frisk’s tongue flopped out of her mouth and drooped off her chin as she felt Adam’s hot cum flood her insides. A hot jet of molten genetic sludge ready to fill her fallopian tubes and rape her eggs into submission. Frisk couldn’t get pregnant yet but gods she hoped puberty would come early and let her be Adam’s hapa factory.

“I think you deserve a proper double stuffing.” shouted Adam as he pulled his cock out of Frisk’s cum packed cunt and shoved his mid-orgasm cock into her asshole flooding her bowels with seed.

“Arrrrff! Arrrrrrfff!” panted Frisk, her brain melting as her insides were completely packed with hot white cum. A sensation she’d been sorely missing since Toriel joined the fun.

“Maybe in a few years you’ll become one of my Hapa factories,” exhaled Adam, his voice sweet and satisfied.

“Huff... Huff... Hnngghhaaa,” drooled Frisk, she nodded quickly as Adam spoke. The hearts in her eyes beating in rhythm with the pulsating of her master’s fat cock.

“You’re even tighter than the gooks at the highschool,” groaned Adam, a big grin on his face as he wiped the sweat from his brow, *“Hehe*, you’re basically milking dicks at a college level, be proud pet.”

"Mmmmhnnn," groaned Frisk, meekly nodding along to her master's words.

"You might even make me nut harder than, mom~"

"Master! My darling boy, your dinner is ready~" cooed Toriel from down the stairs, "Are you nearly done playing with your sisters?"

"Almost mom, be down in a second," Adam popped his cock out of Frisk's asshole, causing seed to erupt from both her utterly ruined holes. Frisk looked absolutely decimated, her asshole looked like a bowl of cream soup and her pussy leaked seed over the tile as she twitched and sputtered exhausted groans.

"As for you fuck sleeves," continued Adam his voice satisfied as he gave his cum bloated pets a wave goodbye, "Make sure you clean up the bathroom but make sure you don't waste a single drop of my seed."

"Hnnnggh, yes master~" Asriel's ears twitched as his long pink goat boi tongue fell out of his mouth and ran across the floor. All while Undyne's monster bitch holes leaked globs of spunk directly onto Asriel's face, which he happily lapped up as it dripped down.

While Frisk joined her brother. She turned her lip cum stuffed body and started licking up the cum puddle as she created as she let out sloppy, *"Mmmggghnnn!"*

"Good pets, if you finish early you have permission to join mom and I for dinner." Adam continued as he left the pet's to their cleaning.
