### **Bleached Universe: Steven's Sluts**

Garnet was absolutely thrilled to be picking up Steven. It'd been a full year since he went off to college and she was excited to see her boy again. Though first she'd need to find the motel. A little place called the F&S Motel, about half a day outside of beach city. Sapphire mentioned to Ruby that it might be a fun idea to surprise them by showing up in the evening, Ruby agreed, and as Garnet they decided to drive.

She arrived at the motel late in the evening, driving Greg's car. Human vehicles were still reasonably new to her but luckily there was hardly anyone here. All of the rooms were dark and the only member of staff seemed to be asleep behind the front desk. Though finding Steven's room was easy, exactly one room had lights on and parked out front was Priyanka Maheswaran's car. Garnet wasn't told she'd be showing up as well, but didn't mind greeting Connie's mom.

*"Hnnghghh! Fuck me, Daddy!"*

"Was that Connie?" muttered Garnet as she got out of the car. It sounded like someone was being slapped and she was pretty sure she could also hear groans?

"Shut the fuck up, cunt!"

"Steven?!" Garnet moved up to the door and threw it open, continuing, "Are you alright-"

She saw possibilities that Steven was being attacked, and in others he was just getting too excited watching T.V. Yet, she could've never predicted what was actually happening.

Steven had changed a fair bit, no longer the boy she remembered him as. He now had a bit of well trimmed facial hair and a very well muscled body: Defined pecs, a hairy chest and pulsating abs. All in the service of fucking Connie's brains out. He'd bent a naked Connie over the side of the bed, his cock was buried between her cheeks as Steven dumped a thick load. Garnet could see Connie's stomach expand as she buried her face between the sheets. Her body had definitely gotten a bit thicker since Garnet had seen her almost a year ago, but it was a bit hard to see with Steven mostly in the way.

However, what Garnet did clearly see was Priyanka; passed out on the bed. Her hips were extra wide, massive ass pushing down on the cheap mattress, and between her legs leaked a thick stream of cum that drained from her gaping cunt. Priyanka looked like she was at least nine months pregnant. Her two massive brown milkers were swollen, and bigger than Garnet's head. Her fat leaking areolas were like small dinner plates and tipped by fat nipples bigger than thumbs. A well fucked parody of her former self and despite that, she had a big sloppy smile on her bimbo lips.

"God, look at how much cum your shit-skin cunt is wasting." Grunted Steven, his voice like a whip as he pulled his absolutely massive white bitch hammer from Connie's utterly destroyed pussy. Steven's shaft made some horses look small, nearly eighteen inches of extra girthy vein infused cock meat with an angry pink tip that swelled and leaked cum as thick as tar over the floor. Beneath his white donkey dick were two heavy nuts. They were the size of small melons and covered in thick black hair.

"Unnnngggghh..." Groaned Connie, "Sooowwy I'm such a-"

"Just clean it up, curry muncher." Steven grabbed Connie by her long hair and pulled her onto the floor. Assumably pushing her face into the freshly made cum puddle as he ordered, "And don't pull your lips off the floor until every drop is in your gullet."

"Hnnngggghh!" sputtered Connie as her thick lips pressed against the floor.

"Steven!" shouted Garnet as she stepped into the room.

“Oh Garnet, why are you here so soon?” Asked Steven as he cocked his head, he didn’t sound ashamed or angry, just confused.

“Wait... were you watching me?” Steven made a little half Smile as Garnet entered the room.

“What, no! I was just-”

“I can tell you’re getting all flustered, did you enjoy seeing me fuck my pet paki?” Steven’s sadistic grin grew as he stepped on the back of Connie’s head, grinding her cheek against the floor, continuing, “She’s nearly done for the night, same with her mom. So you can have a turn if you-”

“*Whu*-what happened to you!” Shouted Garnet, more distraught than angry, “I know you’d never treat Connie or anyone like... like this?!”

“That was the old Steven! College taught me something very important.” Steven grabbed Connie’s head off the floor as he continued, “That every last one of your cunts needs to be taught your place, isn’t that right Desi?”

“*Cuh*-Connie...*Whu-whaa*-” Garnet’s metaphorical tongue got stuck in her throat as she saw Connie.

Connie had changed a lot. She now had a pair of Double e-cup tits that extended nearly a foot off her body. Tipped by the same massive nipples as her mother, they remained perfectly perky and mounded as Steven pulled her up by her long black hair. Despite just being used and abused, Connie had a big cum coated smile on her face. Her lips now voluptuous and kissy like a brain dead bimbo, and she had the empty look to boot. Her eyes took a second to light up and focus but the second they did, Connie looked up at Steven like a love sick schoolgirl, hearts in her pupils.

“*Hnnngggghh, duh-dats wru-wru-write* Daddy!” A bead of drool dripped off Connie’s chin as she spoke, “I was just some dumb fema-dist before you fucked all dat thinky-stuff out of me!”

“What did you do to her? Turn her back or I’ll-” Shouted Garnet, she’d found some nerve, but so did Connie.

“Keep quiet you dumb rock-muncher! Daddy is the best and you better understand my stupid ass needed a hard bleaching, *mwwwaaah!*” Connie planted a kiss on Steven’s fat bitch breaker and looked up. Her eyes were big, needy and desperate for praise.

“*Hmmph*, not bad, cunt.” Steven ran his hand through Connie’s hair, “But don’t stop there. Why don’t you tell Garnet why you deserved such a hard bleaching.”

“*Hnnnggghhh*, fuck yes!” Connie looked up at Garnet. Steven’s massive cock resting on her shoulder, she looked so close to cumming but Connie managed to focus.

“*Huh*-he raped and beat the cheeks of our entire gender studies class and the teacher!”

“What!” sputtered Garnet, she couldn’t believe Steven could do it, but the evidence was plain to see.

“Daddy just snapped at the end of the first class and used his powers to turn them into a bunch of stupid bimbo cum dumpsters, *ahhhnnngggh!*” Connie leaned forward and licked up the side of Steven’s cock, “*Mmnnngggh*, not me though! I offered my body willingly to Daddy’s superior white dick.”

“*Heh*, tell her what you did Desi.”

“After watching Daddy destroy some pink haired gook’s asshole, I offered to clean his cock, and didn’t want to stop! I begged him to keep me and I’ve been his babygirl ever since,” drooled Connie, her voice extra sloppy on the last line.

“You’re such a fucking pig.” Spat Steven as he slapped his cock across Connie’s face, covering Connie’s eyes completely with his fat veiny dick.

“*Squuuueeee! Yeeesssh*, I love being your dumb bimbo piggy, Daddy!” Connie’s breath got heavier, her words sloppy as she begged, “Please turn every last stupid cunt on earth into bimbo pigs just like me-*ahhgggghh!*”

“Shut it sand nigger and start sucking.” Steven slapped his cock across Connie’s face as he grunted, “It’s all that mouth is good for.”

“*Mmnnngggh*, fuck yes! Rape my stupid Paki throat, *ghhuunnkk!*” Connie shoved Steven’s cum coated cock down her throat. She let out strained groans as his massive half-human meat stretched her throat to its limits. It almost looked like someone shoved a bat down Connie’s throat and Garnet was sure normal humans couldn’t survive that.

"But my ditzy bitch is right." Steven looked up, his gem and eyes glowed as he looked at an utterly distraught Garnet, "I should help all you stupid cunts learn your place."

"Steven what are you-*ahhngggh!*" Garnet's words turned to mush as Steven forcefully changed her body. He was still a diamond and was capable of altering Garnet's form to better suit his needs.

Garnet's tight clothes turned to tatters, showing off her perfectly smooth red skin. Her thighs got fatter, hips thick and jiggy, her chest expanded into two massive beach ball sized tits that reached nearly a foot and a half off her chest; yet, remained perfectly perky. Then as her new fat dark red nipples grew, a puffy slit grew between Garnet's legs. Her new crimson lower lips throbbed and immediately she grabbed her crotch as unfamiliar sensations rushed through Garnet's unprepared body.

"Damn, the walking talking dyke thickened pretty good." Steven teased as he walked over and groped Garnet's fat new ass cheeks.

*"Hnnnggghh, whu-what is hap-hap-nnyyghh!"*

"You're just getting used to your new cunt." Steven grabbed Garnet's pussy, pushing her hand out of the way before shoving two fingers inside her. They teased the back of her new clit as Steven chuckled, "How about we break it in?"

*"Mnnnggghh."* Garnet bit her thick lower lip. Her trio of eyes rolled up into her head as she felt Steven's fingers prod her insides. She couldn't summon her fists or push Steven away, it was like there was some kind of block in her mind.

"Why bother asking, Daddy? She's dumber than a rock and doesn't know what's good for her. Just use her like a stupid piggy!" Shouted Connie, rubbing her cunt as she begged, "Please rape some sense into the walking lebso-retard."

*"Stu-st-Steeeven, I cuh-can't hnnnggghh!"*

"Don't worry cunt, you'll be loving it very soon." Steven reached up and pushed Garnet onto the bed as he continued, "You both will."

Garnet's head was spinning and her body shivered as Steven's giga-dick thrust deep into her new pussy. The sound of Steven's heavy nuts slapping Garnet's backside echoed in Garnet's ears as the shocks of pleasure fried her brain. It didn't matter that

Garnet was still technically taller than Steven, his cock still felt *waaaaay* too big for her tight gem-pussy. It filled her to capacity, even penetrating the entrance of her brand new womb as he buried every last inch inside her pussy. She could feel her belly distend to the point Steven was poking under her tits!

*"Hnnnggghh, toooo biigggg!"*

"Get used to it! You're going to be my cheap gem pocket pussy for the rest of your life!"

*"Buh-but I might su-shu-shaaaaterr!"* sputtered Garnet as Steven started pumping.

"Don't worry," grunted Steven, "I'd never let my favourite dyke die from a hard bleaching. I'll just heal and remake you if you break!"

"You're too fucking nice to these rock munching sluts, Daddy." Added Connie, "you rock niggers should be grateful Steven is bothering to use you at all."

*"Ahhngggghhh-Steeeeeveeeen!"* cried Garnet, she felt so ashamed, but she came a little when Steven said she was his favourite gem. Her brain was quickly going blank and from what she could see Steven was enjoying it.

*"Mmmph, good girl, and Connie."* Steven looked down at his drooling desi pet, "Turn on the stream for the cucks and sluts, I'm feeling generous."

"I nearly forgot! So sorry Master, I'll get everything running soon!"

"Better hurry cunt, I feel like Garnet's not gonna last." spat Steven as he started pumping Garnet's cunt.

*"Hnnnggghh, I'msssh breeeaaaking!"* cried Garnet, her tongue fell out of her mouth as she gripped the bed tight. Bracing her poor body from Steven's constant pounding.

Connie scrambled to her feet, her tits bouncing as she threw open the closet revealing a tiny little latina maid. A small and curvy woman with dyed blue hair dressed in a torn uniform. Her eyes were twitching as a stream of Steven's cum leaked out of her pussy. Over her crotch were the words "Steven's Puta" written in sharpie.

*"Uhhggggg, you've had over six hours to rest."* Connie grabbed the girl by her long black hair and pulled her out of the closet, "Fucking wetbacks are all lazy."

Though Connie didn't really care about the maid. She was actually after her backpack, which that useless latina was rudely resting beside. Connie just shook her head in shame as she grabbed the bag and took out her laptop and camera. The sound of Steven pounding Garnet's cheeks echoing behind her as she set up the device, turned on the stream software, and posted an announcement to her twitter.

"Alright Daddy we're live for all your cucks and cunts!" cooed Connie.

"Well do the introduction you ditzzy slut!"

"Oh yeah... *Ahem*, hey everyone it's your favourite thot Connie and her daddy Steven!" Connie made an exaggerated ahegao face as she struck a double peace sign, "Daddy has been clapping stupid cunts for the past six hours and we weren't gonna stream, *buuuuut* Daddy wanted to show everyone his new cunt, Garnet!"

"*Hnnngghhnnooooo!*" cried Garnet as Connie stepped away, exposing her to the world.

They could see almost every detail as Steven rearranged her insides with his massive white horse dick. The bulge in Garnet's belly was on full display along with her extremely sloppy expression. Eyes spinning, thick lips wet with spit as her tongue fell out of her sloppy maw. The worst part was she was enjoying Steven's constant womb destroying thrusts. Every leaked drop of pre-cum sent shivers up her spines and she thought her light form would pop as she squirted her brains out for the first time.

"*Hnnnhhheeeee!*"

"Stupid cunt," Steven mocked before he spat on Garnet's face, "you're supposed to wait until I cum before you cum your brains out."

"*Sooowwwyyy! I cuh-cuh-caaannsssh!*" Garnet's words turned to sloppy moans in her mouth. She couldn't hold back and each of Steven's thrusts nearly brought her to a new orgasm.

"Wowie Daddy, so many viewers already: and a bunch have already donated!" Connie leaned over and looked at the view count; fourteen thousand and climbing, plus over a dozen super chats in the first minute! Connie scanned over a couple of note;

"Hey old Daddy," Connie leaned over and waved at the camera, "keep stroking that little shit dick as you watch my real Daddy knock some sluts up!"

"*Rgggh*, fucking hell, Garnet!" Grunted a clearly annoyed Steven.

*SLAP!*

*SLAP!*

*SLAP!*

*Ehhnnnggghaaa!*" cried Garnet as Steven slapped her ass cheeks.

"Tighten up!" Barked Steven a growl in his voice as he looked over his shoulder, "And Connie get over here and help the walking talking dyke milk my dick."

"*Mmmmm!* Yes Daddy, and all you losers better donate more. Daddy and his future kids deserve to be spoiled." Connie playfully stuck out her tongue as she ran behind Steven and spread his hairy ass cheeks. The camera could barely see, but it was enough to clearly give Connie's father a look at his daughter kissing Steven's sweaty asshole.

"*Mmwwaaah!* I fucking love your dirty asshole Daddy, *ahahaannngggh!*" Connie let out sweet groans as she licked up Steven's taint, making sure not to interrupt her Master's

thrusting. Little spare pubes got stuck to her lips, but Connie was a bleached whore now and could care less about how sloppy she looked.

“Now start stroking those micro cocks you inferior goon-tards and try to cum at the same time as, Master. *Mmmmmwaaah, duh-dat’s if you can last dat-loooong!*” Giggled Connie before she shoved her face between Steven’s ass.

She pressed her nose against his asshole and took a deep inhale, “*snoooooorrt, mmhhggghh!*” before Connie kissed him again. Her soft lips pressed against his rim, sucking back sweat as she stuck her tongue inside. She didn’t stop licking and snorting, doing her best to clean out Steven’s asshole. Connie didn’t even want to touch her pussy, she could get close to cumming through ass worship alone and she wanted to wait for her Daddy to finish first.

“Now you’ve started to tighten up. It almost feels like you want me to fill you to the brim.” Steven buried his cock tip deep inside Garnet.

“*Hnnnggh shu-stop Steven or I’ll... Mmm, I’ll cuh-cuummisnnggh!*”

“*Haha*, pathetic,” chuckled Steven, “Take my load you retarded dyke cumtanker!”

“Too *muh-much*, too *huh-hooottssh!*” Garnet’s mind and body strained as Steven filled her up with tar thick cum. It bloated her to the point she matched Priyanka, but surprisingly it didn’t strain her lightform. However, she could feel a gnawing realisation consuming her fracturing mind. Steven’s powers just changed her body, but her actions were still her own. Yet, she still felt like something was forcing her... no, like something deep down was enjoying this brutal racist treatment.

Then she realised.

“*I’m gooonnaa shaaaaaa!*”

*POOOF!*

Garnet’s light form exploded in a cloud of smoke; she couldn’t handle the constant pain and pleasure. It was too much for Garnet to take and a freshly transformed Ruby and Sapphire took her place. They appeared to be reeling from the sudden separation, but quickly they both regained their senses, and realised what had happened. While fused Steven had changed their bodies to better suit his needs and the results were met with mixed reactions.

Sapphire's large eyes were still covered by her long white hair, but her brand new kissy bimbo lips were fully on display. Sapphire's hips were extra thick, stuffed with what looked like soft, jiggly cellulite. Her ass was positively massive to the point Steven could rest a dinner plate between them. Her chest was equally pumped up; with a fat pair of big blue cow tits that sagged down half the length of her now chubby tummy. She was clearly enjoying the changes since almost immediately her beefy dark azure nipples hardened. They swelled past the point where Sapphire's hands could fully grasp them as she rubbed her brand new pussy.

Ruby however was horrified to see her bimbofied body. The little red shortstack had become a stacked little thot. With pumped up plastic looking titties that were round like basketballs and a pumped up bubble butt, perfectly round and perky. Not quite reaching Sapphire's ridiculous MILF shorty proportions, but she was a hell of a lot tighter and had the signature bimbo look. With a clear thigh gap that showed off her new puffy wet slit. Her brand new clit swelled as she looked at Steven's cock, her brand new innie nipples hardened and poked from her wide scarlet areolas. They were puffier, and wider than Saphy's nipples, but were only half as long. Yet, they were just as sensitive, making Ruby groan from the feeling of cold air alone.

"Like what you see?" Steven teased as he saw Ruby and Sapphire staring at his meat.

*"Mmmnngh,"* muttered both gems as they averted their eyes.

*"Hnnngggh,* how do dykes exist when man ass is so tasty." Cooed Connie as she pulled her face from between Steven's cheeks. A few ropes of spit connecting her lips to Steven's freshly cleaned hole broke as she moved back. The drool on her chin was proof of a job well done.

*"Mmmph,* no fucking clue, pet." grunted Steven.

*"Ooooh,* you literally split her in half, Daddy." Connie had a big smile on her face, "And they've never looked better."

*"Uhhnnngggh, suh-*Saphy! Why did you make us..." Ruby gulped, face got even flusher as she continued, "do all those things?"

"Ruby, I... It's difficult to..." Sapphire's words turned to slop in her mouth as she tried to answer her lover's question, but Steven, the man in her life, did.

“Ruby it’s really, fucking, simple.” Steven grabbed Sapphire by her long hair and pulled her up.

“*Nhheeeee!*” squealed Sapphire as her bangs were pulled away revealing the pulsating heart in her big singular eye. Ruby could only watch as Steven pushed Sapphire’s face between his nuts and-

“*Snooooorrrtt, snooooorrrtt, snooooorrrt! Hnngggghh, tooo guuud!*” Sapphire groaned as she huffed Steven’s scent, rubbing her cunt raw with each deep inhale.

“Su-Sapphire why?”

“She saw all the possible futures that could’ve resulted and she chose me, cunt. Your love, and respect came second to becoming my new nut huffing slave.” Steven reached down and pulled Sapphire’s face out from between his nuts as he asked, “Isn’t that right?”

“*Hnnggggh, yeeesssh!*” Sapphire’s single eyes twitched as her tongue fell out of her mouth. She looked absolutely brainfucked and Ruby didn’t know what to do. So she defaulted.

“Sapphire snap out of it,” cried Ruby as she crawled towards her lover and started shaking, “I know you didn’t really mean-*ahhggggkkk!*”

“God Ruby, you really are retarded.” Spat Steven as he picked Ruby up off the bed by her neck. His strong hand easily lifted Ruby as she struggled and groaned at his rough touch. All while his cock throbbed on Sapphire’s face.

“But don’t worry, I’ll help teach you what Sapphire already knows.” Steven started to lower Ruby’s body down on his cock. His massive tip slowly spread her tiny red slit open as he continued, “That gem dykes can’t win against big white cock!”

“*Ahhhhnnngggghh, Steeeveeeensssshh!*” Ruby clench her teeth as her tight little gem pussy was savagely stretched. Steven’s fat gem crusher had filled her new cunt to the brim, pushing out her tight pink walls as his tip scraped out every new fold she had. Ruby’s lightform should’ve broken from the force alone, but instead her new stomach bulged to take Steven’s meat.

“Aw look at that, she already loves it.” Grunted Steven as he let go of Ruby’s neck and grabbed her hips, “Let’s give Saphy a peek at her lover’s true face.”

Sapphire watched intently as she rubbed her cunt. She felt so pathetic, letting these strange desires control her actions, but all that melted away when she saw Ruby. Her belly was deformed to the point the bulge poked between her jiggling tits. While Ruby's face was of pure bliss. Her eyes twitched and watered, streams of tears leaked down her cheeks. With a mouth curved into a wide drooling smile that sputtered groans. Sapphire could feel the spit droop on her face as Ruby was used like a cheap sex toy.

"So Ruby," continued Steven as he pulled her down his dick, "What feels better, my cock or being fused with Sapphire?"

"*Hnnnggghh*," groaned Sapphire as she thought, *she is gonna say his dick!*

"*Yuh*-your dick! I love your dick, Steven! I love being your-"

*SLAP!*

*SLAP!*

*SLAP!*

"*Annnnggghhhh!*" cried Ruby, her spit and pussy juices rained down on Sapphire as Steven beat her back side. His hands left bright red prints on her dark red ass cheeks.

"It's Master to you cunt. We're not lovers, you're just my toy."

"*Yuh*-yes Master! I love being his sex toy, Saphy."

"*Ahhnnngggh*, Ruby!"

"*Puh*-please Master! Go harder on this retarded little Ruby," she begged, "fucking shatter me in front of *Saaaapphhiiee!*"

"*Mmmmp*, you've always been an honest cunt. That's why I liked you better, Ruby." Added Steven, his voice a grunt as he started thrusting harder.

"*Mnnnnggh*, *Stu*-steven," moaned Sapphire as her brain got another shock of pleasure. Not even Sapphire could've predicted how good it would feel to be beaten and used like cheap meat. No wonder Rose died for this, human dick was way too good to resist and Sapphire could only goon and pray that it would be her turn to be used soon.

Ruby seemed overjoyed to finally have a man in her life. No longer was she some butch little bitch. Now she was her pseudo-son's hot bleached thot; a nasty little sex toy that existed to be a case for his penis. Once she felt like another thrust would destroy her light form, but now she welcomed that thought. If Steven fucked her until she broke then he'd be able to mould her body even more, and Ruby got so excited she came from the thought alone.

*"Ahhnnngggghh!"*

"Fuck Ruby, I expected you to be a little tougher than that, but you're squirting over my cock."

*"Mmmph, can you blame her?"* Moaned Connie as she snuggled up to Steven's thigh, "She's been a retarded dyke for sooooo long and you've finally taught her the truth about fat white cock."

Connie leaned over and planted a big sloppy kiss on Steven's nuts. One of her eyes kept looking at Sapphire as she groaned, *"Mwwwaaah!* And now you're gonna fuck all those other stupid clods, right Daddy?"

"Fuck yes!" Snarled Steven as he slammed every inch of his meat into Ruby's tight gem cunt. His fat cock head turned her womb into his bloated cum container. Ruby felt her lightform strain as Steven filled her to the brim with his nasty genetic seed. Her belly expanded to the point it touched Sapphire's forehead and all her cuckold wife could do was sputter moans of sweet pleasure.

*"Fuh-fucking r-r-ruin that stupid dyke!"* Panted Sapphire as Steven finished cumming. "Maybe Ruby's are good for something after all." Grunted Steven as he started to pull the scarlet shortstack off his cock.

*"Hnnnggh, thu-thank you..."*

Tears of joy ran down the corners of Ruby's face as Steven tossed her cum bloated body on the floor. A geyser of pure white nut jelly shot out of her pussy over the dirty hotel floor the second she landed, but Steven didn't spare her another look, focusing on Sapphire who was looking up at him with an expression of pure awe.

"Is... Is she alright?"

“Do you care?”

“No,” muttered Sapphire without a second of hesitation. Then she quickly clasped her hands together, “All I care about is your cock Master, please let this stupid dyke service your superior gem-crusher. I promise not to shatter before you cum!”

“And have you figured out what I want, Slave?”

“Master how would I-” Sapphire’s eyes widened as she looked at her hands, sputtering, “But what if I-”

“Does it matter if you don’t survive?”

“I... no Steven, I exist for you now.” Giggled Sapphire, a crazed look in her eye as she glew for a second and the gem on her palm was moved to her forehead, “will this suffice for you-*dduuuhhaaaann!*”

“It will do perfectly.” grunted Steven as he shoved his cock tip into Sapphire’s glowing gem.

Sapphire’s expression melted as Steven’s meat slammed into her gem. She could feel his hot pre-cum oozing all over the inside of her lightform. Every throb of his cock brought another gloopy rope from his tip, and every heavy pump made Sapphire’s mind go blank. His divine human genetic material filled her gem-pussy, seeping into memories of her friend and lover, replacing them all with sweet pleasure.

“Holy shit Sapphire.” Connie licked her lips, “I could’ve never dreamed such a cold bitch could be such a stupid slut.”

“*Duuuhhnn-hehe*, I-I *dun*-didn’t either!” Drooled Sapphire, her open maw curved into a big smile as her teeth clenched. She felt her new pussy pulsate and drool with each knock Steven’s heavy nuts made against her face.

“It’s because every last cunt, gem or flesh loves big white dick!”

“Though the stupidest cunts need to learn that the hard way.” Added Connie as she pushed her face into Steven’s nuts before taking a long, “*Snnooooorrt! Mmmmng, ruh*-right daddy?”

“That’s right, pet.” Steven gave a half conscious Sapphire a slap on the side of the head as he continued, “I bet Sapphire here knew the second she entered that I’d scramble her brains, and give her a hard gem bleaching!”

*“Nnnthggghh-yeeeeessssh!”* sputtered Sapphire, her tongue fell out of her mouth as Steven started Rutting deep inside her gem. Streams of his heavy nut molasses escaped Sapphire’s gem and streamed down her cheeks as Steven laughed.

*“Haha, tell me Saphy, how many futures did you see?”*

*“Mmmmmnggh, wuh-one!”*

“And what does that one future hold?” continued Steven, a smile on his face as he pulled his meat back out. Ropes of spunk slipped off his cock and stained Sapphire’s face, dripping down to her lips and off her chin.

*“Nnggghh, cuuummm!”*

*“Hmmp, maybe you’re not completely brain dead yet.”* Steven grabbed Sapphire’s hair and slammed his cock to the base, his nuts slapped against her eye, “Enjoy your reward, Saphy!”

*“Snoooooorrrt! Mmm, make that little rock nigger squeal, daddy.”* drooled Connie, her voice sloppy as she worshipped Steven’s massive cum tankers.

*“Haaaagggghh, muh-my gem puuuusssiiie!”* Sapphire squirted over the sheets as Steven’s cum filled her light source, saturating every last inch of her very soul.

*“Soooooo hooosshht!”*

“Don’t relax yet, gem-muncher.” Continued Steven as he pulled back. Ropes of cum spilled out of her gem and oozed down Sapphire’s face.

*“Hnnnnggghh, I’m gonna shatter!”* Sapphire’s body twitched and throbbed as Steven’s nuts throbbed against her face, literally smothering Sapphire. He brutalised any gem pride she had left and replaced it with his hot cum.

“I never liked you two as Garnet, but as a pair of Master’s bloated cumdumpsters you don’t seem half bad.” Added Priyanka as she crawled off the bed.

“Finally, I thought you were going to pass out all night.”

“*Mmmm*, sorry Master,” mewled Priyanka as she snuggled up to Steven’s other leg. She leaned over planting a big kiss on his other nut as she begged, “*mwaaaaah*, I’m just a old whore, but I desperately want you to plant some half-breed babies in my womb. Don’t worry about raising them, my cucky hubby can do all the work.”

“Such a greedy whore, you know he’s watching right now.”

“*Mmmmm*, that little faggots shit dick could never make me cum and he barely managed to give me one child! He’s pathetic and should consider himself lucky he’ll get to raise your bastards!”

“*Nnnnyggghh*, you’re such a bitch, Mom,” added Connie after she ran her tongue up Steven’s heavy sack, “but I completely agree. Old Daddy is such a sissy cuck, but I think he deserves to be a grandfather!”

Connie reluctantly pulled her face out of Steven’s nuts and crawled onto the bed. Her fat bubble booty jiggling as she laid beside Sapphire’s limb body and begged, “Stop fucking that worthless clod and fuck a hole that can really milk your meat!”

“Arrogant sand nigger,” spat Steven, a smile grew on his face as he pulled his cock out of Sapphire’s cunt, “You’re lucky I like you.”

Ropes of Steven’s hot spunk burst out of Sapphire’s gem while it still glowed, but what managed to escape was just a fraction of what Stven dumped. Sapphire felt like he dumped an ocean of spunk into her body, every ounce of herself was saturated by Steven and he just threw her off the bed like a used condom.

“Take a break, Saphy.” Teased Steven, “and enjoy some quality time beside Ruby while you see what a real man can do.”

“*Mmmm*, forget about those stupid rocks, Daddy. I wanna be your stupid bleached cum tanker and *l-mmnnngggh!*”

“Shut it Connie, we both know that mouth isn’t good for talking.”

“*Yeessssshhh!*” cried Connie as tears of joy streamed down her cheeks, “Fucking beat my cheeks!”

Sapphire's ass hit the floor hard, but she was spared falling back completely thanks to the second bed. However, Sapphire was a complete mess. The light of her bright blue sapphire dulled until it disappeared. Her tits sagged off to the side, nipples hard and twitching like little cocks as the spilt ropes of Steven's thick nut butter drooped over her body. She could feel his sex juices slowly flowing down her body and Sapphire came a second time as she saw Connie get her asshole stuffed with Steven's fat white dick.

"Take my fat white dick you stupid, Desi whore!"

"*Nnnnyttthh*, fucking destroy my innards!" Begged Connie, a big drooling smile on her face, "make it so I gape forever. I wanna wear a fat anal plug until I die!"

"Fuck Daddy, rape my whorish little brat until she goes completely stupid! She deserves it for being such a demanding bitch." Added Priyanka as she poked her head from behind Steven's hips.

"Shut it, shit-skin. I don't need an ass licking hag to tell me that." Barked Steven, "now help your daughter out. She's getting loose and I think you already know what the doctor ordered?"

"*Mmmmggh*, yes Master, sorry Master! I'll make sure to rim you until your balls are empty. Just don't throw me out, *mmmnnnggh*!"

Sapphire started rubbing her stiff nipples as she watched the mother-daughter fuck session. Steven's cum still seeping deep inside her gem pussy. Beside her laid Ruby, cumflated, broken, and masturbating with the one good hand she had left. There was a small crack on her gem hand, her lightform was breaking but Ruby didn't seem concerned at all. She just rubbed the gaping mess that was her cunt as Steven stuffed Connie full of white dick.

"*Hnnnggghh*, I hope he fucks me next muttered Sapphire!"

"What do you-*hnnngggh*!" Ruby squirted mid sentence, her eyes fluttering as her lips curved into a slutty smile, "*w-wu*-what's Master gonna do next, Saphy!"

"*Mmnnnggh*, *huh*-he's gonna-*mmmm*, *fuh*-fuck it you already know what he's gonna do next." She cried as a jet of pussy juice shot from her cunt over the floor.

"Oh fuck yes! I hope he splits Pearl in half next!" drooled Ruby.

“Me too...” Cooed Sapphire, her voice trailing off as she gooned hard. Her mind filled to bursting with one possible future containing over a billion gems that will soon be turned into stupid silica-sluts by her new master.
