## **Noelle's Humaned Experience Chapter.1: Humaned 101**

Noelle woke up perturbed, again. Her blond hair frazzled and her nose twitching as she let out a tired yawn, her brow narrowed as she basked in the first rays of morning light. She had another dream about Alexander, her new human bully. He'd been teasing Noelle since she started her fall semester at Hue-Man University South and she couldn't afford to keep thinking about him, especially with exams so soon.

*KNOCK!*

*KNOCK!*

*KNOCK!*

"Gimme a minute!" shouted Noelle, she slowly lumbered out of bed. She put on her little reindeer slippers and shuffled her way to the door, only pausing for a second to make sure her pajamas were still on properly. She didn't want to accidentally flash her housemate, again.

"Morning Noelle!" Cheered Gabby, Noelle's cute crocodile housemate. She was a little gal, five feet tall, bottom heavy and dressed in a hoodie and jeans. She was excitedly holding a package wrapped messily in christmas themed paper with little reindeer.

"I got an early present here for ya from a special someone!" Gabby continued, her voice peppy as she held the package up to Noelle's face.

*"Unnghgh, morning Gabby,"* groaned Noelle as she grabbed the package.

"You okay, girl?" asked Gabby, concerned for her friend, "You sound kinda out of it, sleep bad?"

*"Eeeeh, kinda yeah, but I'm feeling a lot better after seeing you this morning girl~"*  
Responded Noelle mustering as much excitement as she could.

*"Kay, kay, just know there is some coffee in the student lounge if you need it."*

"Thanks," Noelle gave Gabby a little half smile as she walked off. She hated the fact Alexander was getting under her skin so much but the gift she received did make her heart flutter, she wondered what Gabby meant by "special someone" since the gift didn't have a tag, and hurried to her desk to open the gift.

However, she wasn't ready for what was inside.

*"Oooooohnn, Alexander!"* pouted Noelle as she pulled out some frilly white lingerie from the packaging and scrunched it up in a fit of rage. Her very immature classmate Alexander had been taunting her recently by sending slutty clothes in the mail with the attached message, *"Stop dressing like nun and dress like a proper monster girl <3"*

Noelle was sent four new thongs, three tight thigh highs, two micro bikinis and one gimp hood and ball gag combo. Like who would do that! Noelle would report him if she could, but the packages were never traced back to him. Though as Noelle got ready to throw out the gift a little letter fell out of the package and onto the floor. Written in bold letters at the top was;

TO: Noelle Holiday

FROM: Susie

"Dammit, that bastard," muttered Noelle as she immediately picked up and unfolded the letter.

*Hey Noelle, I know we haven't seen each other much the past few months, but I got ya a little something for ya. Don't be a nerd and give it a try.*

"That dick has got me on edge," continued Noelle as she bit her lip, frustrated by herself. She felt a mixture of shame and anger; ashamed that she almost threw out

Susie's gift and anger at Alexander for being such a bastard. Yet, she wouldn't let her lingering negative feelings for that big dumb bully deter her from enjoying Susie's gift. She excitedly stripped down and slid on Susie's gift.

"*Mmmnn w-wowie*, this is pretty lewd for a gift," muttered Noelle as she admired her new outfit, "I'm surprised Susie would buy something this girly~"

Noelle had a tight little teenage body which was only accented by her new white lingerie. Her slender digitigrade legs and slender thighs fit perfectly into the stockings, and the lacy garterbelt hugged her hips nice and snug, showing off her gentle curves and accenting her tight light brown midriff. Her delicate C-cup breasts were cupped by a white lacy bra which crossed behind Noelle's back and affixed to a cute little choker.

The lingerie fit perfectly, and Noelle just loved how cute it looked. She debated taking a picture for Susie but was way too nervous. She was practically shaking while holding her phone. Noelle wondered, would Susie really appreciate getting a photo? On one hand they hadn't even shared a proper kiss, but on the other, Susie did send the lingerie, she'd probably love to see it used.

"*Mmmm*, buck up, Noelle," she muttered as she took the photo and sent it off to Susie who almost immediately responded with "*loud panting noises*".

Susie: Fuck, babe I can't wait for your semester to be over! How many of those exams do you have left?

Noelle: Only a couple left, then I'll take you out to that bar you like <3

Susie: Can't wait

Noelle smiled as she looked down at her phone and for a moment she forgot about school and Alexander. Simply focusing on the things that mattered but her morning phone alarm quickly snapped her out of her moment of rest, reminding Noelle that she'd been day dreaming for thirty minutes and was about to be very late for her classes.

"Fuck!" she muttered, her cheeks flush. Noelle knew she wouldn't have enough time to change out of her gift. She threw on the first pair of jeans she could find and a very thick Christmas sweater; a striped one with little christmas trees and reindeer embroidered between little zig-zag lines. Noelle nearly tripped over herself as she grabbed her school bag and hurried out of the campus housing towards the school proper.

The campus of Hue-Man University South was covered in a fresh layer of snow. A perfect white blanket that was partly shoveled by the campus Janitorial staff. Which was lucky for Noelle, since it cut the time she needed to spend jogging across campus in half. However as Noelle reached the front foyer the air was taken right out of her sails.

“Hey, it’s Santa’s sluttiest reindeer,” chuckled a rather gruff voice, “You seem to be in a good mood. Christmas spirit or are you thinking about me?”

“Uhhnnngghh, no Alexander,” grumbled Noelle as she peered at Alexander. Her cheeks grew flushed as she gave her bastard bully the side eye.

Alexander was a massive man, he must’ve been six foot four; a good foot taller than Susie. A large beer belly complemented his heavy muscled legs and arms, he’d apparently worked as a lumberjack to afford school. Noelle assumed he didn’t have the strength for it, but his short black beard and gruff features gave his claim some validity. However, the shit eating grin on his face ruined any presence he had in Noelle’s eyes.

“Well that’s a lie,” interjected Alexander, looming over Noelle like a monolith, “All you monster muff huffers think about human di—

“I’m not lying!” squeaked Noelle, interrupting Alexander as started to move forward, “Now if you’ll excuse me, I’ve got to get to class—”

“If that was true, then why is your face bright red?” asked Alexander.

“/-/-I’m just a little flustered from my jog here,” muttered Noelle, nearly swallowing her tongue as she let out a high pitched excuse.

“Really?”

“Yes really,” spat Noelle, her tone annoyed as she gave Alexander the side eye, “No girl at this school would get flustered seeing your fat ass?”

“Because if I didn’t know better,” he continued, coy and ignoring Noelle’s words, “I’d assume you were wearing one of my little gifts under that thick sweater.”

“You bastard the second I can prove to the dean those are your gift’s you’re so expell—”

“Yeah, yeah,” Alexander pressed his stomach against Noelle’s side as he hooked the collar of her sweater and pulled slightly, “Just give me a little peek to make sure you’re telling the truth and not just being a bitch—”

*“Eeeeeep!”* Noelle’s fight or flight flipped hard the second she realized Alexander might actually see even a centimeter of her lingerie. So she fled, scampering off with her little deer tail between her legs.

She didn’t stop to think until she scampered into class, breathing heavy and completely flustered. Luckily most were in class so hardly anyone saw her scamper into class like a scared deer. Noelle took her seat near the back of the lecture hall, hoping to avoid any human or monster interaction while she cooled off.

*Oh god, what if he saw! Thought Noelle as she took her seat, And why do you care, he is just a bastard and you’re with Susie anyways...*

*But if he does see you’re wearing lingerie the teasing will get so much worse!*

*Mmmmm, fuck you’re right Noelle!*

*It’s okay me, that bastard makes me mad too~* thought Noelle as she had a very heated conversation with herself. Alexander made Noelle so mad, but she couldn’t help letting that bastard live rent free in her head. He just got under her skin so much and Noelle couldn’t help but rest her chin against the table, and let out a lung emptying sigh as class started.

However it was very hard for Noelle to pay attention. The heat she felt after running from Alexander stayed with her during class. For a moment Noelle thought she was warm thanks to the wool sweater, but quickly she realized it wasn’t “that kind of heat” as her cunt throbbed. Noelle bit her lip as she felt a shock of pleasure run up her spine, her frustrated thoughts about Alexander only made her more flustered by this new massive problem.

*A fucking heat, this time of year!?* Thought Noelle as she clenched her chest, breath getting heavy, *how the fuck is this even possible? No it can’t actually be—nnnyygh!”*

She bit her lip as she let out a sloppy, *“Hnnnnngghhh!”*

Noelle couldn’t believe it. She went from wheezing to the most intense heart of her entire fucking life in under thirty minutes! I felt like Noelle had edged for the past four

hours and her cunt was screaming at her to rub out a girl-gasm until she went stupid. A command Noelle couldn't reasonably ignore while sitting in class.

Noelle quickly scurried out of the back of the lecture room the second she got a free moment. Her legs knobbed and her knees grew weak as she wandered out of the empty halls and into the snow. Her nerves were on fire thanks to this heat. There was no way Noelle would make it to her dorm, so she decided to take drastic measures.

Noelle ducked into an alley and found a little alcove that should be blocked from sight. A fresh pile of snow right beside a dumpster was the best she was going to get and Noelle didn't waste any time. Noelle kicked some of the snow to the side, providing a partially clean patch for herself before pulling down her jeans.

*"Hnnngghhh, fuuuck!"* she groaned as she reached down and realized she had soaked the crotch of her panties completely. Her crotch was a sticky mess as her juices stained the brown fur between her thighs.

"Hopefully I'll only need to cum once or twice—*haaaannhh*," Noelle bit her lip as she tried muffling a loud moan. There was no more time to waste, Noelle planted her ass on the freshly exposed pavement and started to finger her cunt. No time for any warm up, Noelle curved her fingers up, rubbed the back of her clit and gooned like a maniac. Every movement of her fingers sent sweet shocks of pleasure up her spine, bringing her a flurry of micro-gasms.

But it wasn't enough.

*"Hnnneee, moore,"* she muttered, pulling up her sweater. Both her little pink nipples were hard and poking from the tops of her lacy white bra. Noelle was so desperate to cum and happily indulged in a little nipple play, squeezing her sensitive teets. A little nipple pinching always made her cum a little bit faster and the future prospect of raw nips was secondary to reaching that first and all important.

*"Cuuuummmssshh!"* drooled Noelle, her lips curving into a sloppy smile as she came hard. Her brain frazzled as her squirting orgasm took away every last point of her I.Q for a couple seconds. Body shaking as her hooves scraped against the ground, catching on a snow bank as she shot her girl cum out all over the alleyway.

*"Huff... huff... huff... Hnnnggh, fuck me,"* wheezed Noelle, her eyes fluttered as she panted, her body lying limp on the cool ground. Despite the minus five temperature, the ground felt perfect to help her calm down and compose herself.

However, Noelle was not alone.

"I'm impressed, Noelle. You squirted nearly a meter when you came!"

*"Uhhnnnggh?"* muttered Noelle as she looked up and saw Alexander recording her with a little smile on his face.

"But I'm hurt, you weren't wearing the clothes I got you," chuckled Alexander as he loomed over Noelle, cornering her in that alcove like a predator.

*"Ahhnnnggh, Alexander!"* Noelle tried to stand but her knees nobbed and her ass fell back against the pavement. Shivers crawled across her skin as her pink nipples twitched in the cool air. She could barely move and was basically helpless before her big, mean human bully.

"Don't worry bitch, I won't humiliate you."

*"Hrrrrggh,"* Noelle grit her teeth and tried to look as mean as possible (for a poor post orgasmic deer girl) but at best, only managed to look very pouty.

"I just want to give you a very big Christmas present, since you've been such a good girl all year." Alexander continued, a big shit eating grin on his lips as he unzipped his pants and showed off the massive "Christmas present" in his boxers.

*"Hehe, shu-stuffing your pants Alexander? It looks like you've shoved a few tube socks inside,"* teased Noelle. She was pretty sure no man (let alone a human) would have a cock this big but...

"Oh, then take a whiff nerd," Alexander grabbed Noelle's cute doe antlers and shoved her face into his crotch, pressing her little pink nose against his sweaty crotch which steamed in the cold air.

*"Snoooooort—hnnngghh, duuuhhhn whuutt!"* Noelle let out a sloppy groan as Alexander's stink filled her lungs and seeped into her poor orgasm boiled brain. She immediately pulled her face back, body shaking and brain fuzzy. There was a second she was completely horrified, not because Alexander molested her but because she nearly came as she took that breath.

“Aw, is the little monster slut surprised?” Alexander pulled down his waist band and out flopped his massive human meat hammer. A long, veiny and heavy shaft with a thick pink tip, hairy crotch and heavy nuts that looked like two melons in a sack together.

“*Hnnnggh, I-I-I* don’t—” Noelle choked on her tongue, her brain completely short circuited as she tried to process their new feelings. Alexander, her big brutish bully was *waaaaay* bigger than any monster boy cock she’d seen in porn. Noelle felt a strange magnetism towards Alexander and even though she was dating Susie, she couldn’t help getting weak watching his cock pulse.

“You clearly do and I’ll tell you what,” Alexander grabbed Noelle’s antlers again, forced her head up and rested his meat down the middle of her face, nearly entirely blocking Noelle’s vision.

“If you service me like a good little furry—”

“*Hnnnggghhh,*” groaned Noelle as she felt his cock press against her nose.

“Then I’ll leave you alone for the rest of the year.”

“*“Ngggghhh, bu-buh-but!”*”

“Or do you want hundreds of your classmates to know you’re a perverted exhibitionist?”

“*Rhhhnngghh!*”

“Don’t you have a girlfriend?” asked Alexander as he rubbed his cock against Noelle’s face, “Just imagine what would happen to her if you were outed as—”

“*Mmmmm,* fine! I’ll do it,” Noelle’s voice had a very reluctant tone. Her face scrunched up as she looked around Alexander’s cock giving him the stink eye. Yet, she couldn’t shake the feeling of arousal, muttering “bastard...” under her breath as she grabbed hold of Alexander’s cock.

Noelle’s feelings aside, she had no idea how to polish a cock beyond imitating the spare few straight pornos she watched a while ago. She never had much interest in monster boys, so they never kept her attention but his cock was much bigger than any Noelle had ever seen and made all the strap-ons she’d ever seen look small!

The first thing Noelle tried to do was slowly jerk Alexander's cock, pumping his shaft. Her hands could barely fit around his girth and to make matters worse his sweaty cock stink was making Noelle's nose burn and her brain buzz. It was torment but Noelle felt a strange satisfaction having such a fat human cock in her gasp.

"Alright bitch, you're clearly not getting the message."

"*Whu-what* are you—*hnnggh!*" Noelle shuddered as Alexander pulled his cock off her face and pinched her nose.

"I'm going to do most of the work for you."

"*Nuh-no* please I've never—*gghhhuunnk!*"

"You better be grateful, bitch." continued Alexander as he stuffed Noelle's mouth full with the first few inches of his dick.

Noelle's jaw strained, her eyes watered and she felt so ashamed to have this bastard's cock down her throat but despite all her negative feelings about Alexander. She nearly came, her pussy pulsating just a little harder with each inch shoved into her sloppy maw. Noelle hated this heat and wished her body wasn't actively betraying her feelings with each nasally breath she took.

"Finally, that's a bit better." Grunted Alexander as he grasped Noelle's antlers, "Why do you monster girls all give shit head, not used to human sizes?"

"*Ghunngghhh!*"

"*Ha*, that's what I thought!"

"*Ghhhuuuppphh!*" Noelle's nose flared and her eyes went wide as Alexander shoved his cock deeper down her throat, bulging Noelle's windpipe as the majority of his shaft entered her throat. The sounds of choking groans filled the alleyway as Noelle's strained maw dribbled drool over her cheeks and chin. Yet, Noelle somehow managed to stay conscious, sucking back air as her throat muscles tightened around Alexander's monster shaft.

"That's the spirit, doe." Alexander pulled his cock out of Noelle's throat, scraping ropes of spit out of her throat. Thick ropes of throat slime spilt onto Noelle's thighs and chest

as he pulled back. His meat pulsed and leaked a jet of thick, acrid pre-cum onto Noelle's tongue.

*"Mmmnnnnhh,"* moaned Noelle, her groan was muffled by Alexander's cock and she was grateful for it. Despite hating this bastard so much, she nearly creamed at the first taste of his salty pre-cum. It had a pungent and thick taste with the texture of molasses. Yet, Noelle needed more like an addict fiending for another hit. Noelle had never felt like this before and wondered what was wrong with her body?

"Now let's put that monster bitch pep to the test!" Alexander tightened his grip as he fucked Noelle's throat, pumping her mouth like it was a pocket pussy.

*"Guuunngggh—ggguuuuaannnk!"* gurgled Noelle between hard pumps.

"Don't pass out yet," barked Alexander between grunts, "Just think about how embarrassed your little girlfriend will be if you're outed as a pervert."

Noelle could barely hear Alexander's voice, it was getting drowned out by the sound of his fat nuts slapping against her furry little chin. This was the most humiliating moment of Noelle's life, she wanted to curl up into a ball and die in this alleyway but every single thrust deep into her throat sent shocks of pleasure up her spine. She was being used like a cheap cock sleeve and yet she just squirted over the ground? Her brain buzzed as Alexander got closer to filling her throat with more of his sticky and sweet nut butter.

"Don't worry Noelle, I'll go a bit easy on you this time and you can stop sucking me soon—" Alexander sounded like he was babying Noelle, mocking her for what he perceived as her "poor head game". She was ready for him to stop now and with one final thrust.

"Right after you take my load!" Alexander slammed every last inch of his massive meat hammer into Noelle's stomach. His fat bear belly pressed against Noelle's forehead and his nuts throbbed against her chin as a thick load was dumped inside.

*"Guuuuuaaaaahggghhnn!"* Gurgled Noelle, her screech of mixed pain and pleasure muffled as every single one of her senses were dominated by her bully. Her brain popped from lack of oxygen and her stomach bloated as Alexander's hot load filled her stomach to bursting. Within a couple seconds his load backed up her throat, causing her new choker to snap as her throat was stretched well past its breaking point but Noelle was too fucked out of her mind to care.

"It's an okay start but you've got a long way to go," spat Alexander as he popped his cock out of Noelle's throat.

*"Ahhh-aacck, buh-bastard!"* shouted Noelle as strings of mixed spit and cum dripped over her body, her nipples rock hard from the "cold".

"Such a rude monster girl," he teased, wiping his cock off in Noelle's long blonde hair, "And after I gave you such a thick load."

*"Uhhnnngghh,* don't remind me you fat asshole. I nearly passed out choking on this disgusting cock..." Noelle averted her gaze as she pushed Alexander's meat out of her face. She was trying her best not to give this asshole the satisfaction but the constant pulsing of her cunt was making it harder to think by the second.

"Don't worry, I'll use a different hole next."

"Wait what do you mean by—*Ahhhhnn,*" cried Noelle as Alexander's cock slapped against her face hard. She had to brace herself against the wall to avoid falling back. Noelle's head was spinning, cheeks flush and her rage flared.

"You fucking pig, why the hell did you—Oh no," Noelle paused as Alexander grabbed her hips and flipped her onto her stomach. Noelle's face and chest pressed against the ground as Alexander pulled her ass up.

*"Hnnnn, w-wu-wait!"*

Alexander slapped his cock between Noelle's cheeks, completely ignoring her protests as he continued, "Your ass is a fair bit smaller than what I normally go for but there is no changing that for now."

"I've never done it with a real cock before!"

"I'm sure your girlfriend's strap-on prepared you plenty," responded Alexander. He tightened his grip on Noelle's hips, unaware that he was about to strip Noelle of her first time as his tip pressed against her drooling slit.

*"Mnnngh, buh-but cu-cuh-*can't I just suck you off again—*oooofff,* it's too big," grunted Noelle, letting out a groan of pain as her tight cunt was prodded by a cock as thick as her forearm.

"Don't be silly bitch, I'm sure you've taken dildos close to my size," chuckled Alexander.

*“Ahhhngghhh, fuuuck nooo!”* squealed Noelle, her eyes bulging as she felt Alexander’s tip press against her virgin slit, unable to penetrate her due to his girth, *“S-suh-seriously! You’ll break something if you keep trying to—haaaaaggghhkkk!”*

“Don’t worry, I’m filled with determination to mold this hole,” grunted Alexander as he pressed his weight down on Noelle’s cunt and shoved his cock deep inside her dyke slit.

“Oh fuck, oh fuck, *oh fuuuuucck!* It’s too big, It hurts you big idiot!” cried Noelle, tears welling in her eyes as Alexander’s thick dick bulges her belly. She tried kicking him back, her body trembling as Alexander used her body like a cheap cock sleeve.

“Damn bitch, you’re *waaaaay* tighter than I expected. I guess you really aren’t used to human sizes,” continued Alexander, “guess I should’ve used some lube.”

*“Hnnnggh, some lube! You big bastard, are you kidding?!”* wheezed Noelle, her body a mess of pain and pleasure signals firing off. Was losing her virginity like this supposed to feel good too or did Alexander fuck her body up? Noelle didn’t understand it at all, these feelings welling up in her chest but at the moment she no longer cared, and was ready to do anything to get him to stop.

“You’re right, you’re not worth the lube.” Alexander let out an exaggerated sigh as his cock scraped out a little bit of blood, “It’d be wasted on your quickly loosening cunt, disappointing. Especially for a virgin.”

*“Hnnngh fuh-fuck off! Blackmail or not, I am gonna scream and let everyone know you’re a rape—mmmmppphh!”* Noelle was cut off abruptly as Alexander shoved one of his gloves into her mouth, gagging Noelle.

“No respect from you monster sluts,” Alexander shoved every last inch of his dick into Noelle’s cunt, resting his belly on her ass as his cock tip bullied her womb.

*“Mmmmmhrrrrnnn!”*

“I better give you some extra hard cunt correction. Then maybe you’ll realize your place, slave.”

*“Mmmnngghhhh!”* Noelle’s voice calmed down as shocks of pleasure shot up her spine, rocking her brain as Alexander’s meat scraped out her folds. Her cunt was getting

drilled harder than Susie ever managed. His brutal and deep thrusts were more comparable to a feral animal, let alone a human.

Yet, despite Noelle's protests her body happily started to accept Alexander's cock. Her cunt was a soaking mess, allowing his heavy human donkey dick into the deepest parts of her cunt with increasing ease. Noelle tried to tighten up but all that did was force out a hot glob of pre-cum directly into her womb.

"Oooooohoho, surprising," commented Alexander, "I wasn't expecting you to tighten up so quickly, Noelle."

*"Uuuuggghhhmmmmhmm!"*

*SLAP!*

*SLAP!*

Alexander planted a pair of heavy slaps on her ass as he grunted, "Keep up the good work, doll and you'll get a real load very soon."

Noelle could feel her heat flaring as her womb tasted the first seed she ever received. The hot burst of thick human pre-cum was enough to make Noelle squirt hard, her groans were muffled as her eyes rolled up into her head, brain boiling in a hot mire of dopamine as all her pleasure centers exploded. Noelle hated herself but she was currently experiencing the best orgasm of her life, and it was about to get better.

"Alright, monster meat sleeve, enjoy your well earned reward."

*"Nyyyygggghhhmmmm!"* Noelle's eyes twitched and her body trembled as Alexander planted his entire weight on her little doe body and pumped Noelle full to bursting with his thick seed. The sudden injection almost immediately sated Noelle's need to breed, making her mind go white as her hard squirting orgasm continued while Alexander finished dumping his load.

"Not bad for a first time, but there is **a-lot** of room for improvement."

*"Mmmm-mmggghhh,"* gurgled Noelle, nearly choking on Alexander's glove as her body went limp.

“Here let me get that for you, *mmmrh*,” Alexander let out a grunt as he pulled his cock out of Noelle’s cunt and his glove out of her mouth.

“*Oooooohhn—uunnnngghh...*” Noelle’s groans trailed off as she felt her cream packed cunt throb and pulse. The orgasm still rattled her brain even after Alexander’s meat popped out of her cream-packed pussy. She could feel her bullies seed saturating every inch of her cunt but Noelle wouldn’t get pregnant, there is no way human sperm could actually knock up a monster girl, right?

“As I promised, you’ll be left alone for the rest of the year~” Alexander let out a satisfied exhale as he re-sheathed his cock and pulled up his pants, continuing, “I’m sure you must be excited?”

“*Uuuhh-ah-alone?*” muttered Noelle, confused. It almost sounded like she was disappointed, but Noelle felt relieved that her brutal hole stretching was finally over.

“See you next semester, monster slut. Give your girlfriend my regards next time you see her.” continued Alexander as he walked off leaving Noelle to wallow on the ground.

Ass up and body trembling in the cold, at least she was still hidden in the alley, but Noelle could hear students moving about between classes. Soon the campus would become crowded again. She’d need to wait here for at least another fifteen minutes until classes calmed down. The smart thing to do would be to clean herself up as best she could, but instead Noelle’s hands gravitated towards her needy cunt.

“*Mmmmmm, juh*-just a little more,” muttered Noelle as she started fingering her gaping slit, again.

There was no helping it, she was still in heat and the momentary “relief” her big bully gave her faded the second he and his massive meat left her all alone. Noelle tried desperately to ignore it, she couldn’t help herself and tried desperately to think about Susie, but every time she came, her thoughts drifted to Alexander.

## **Chapter 2: Noelle’s Determination**

The last two weeks had been hell for Noelle. Her crotch was on fire nearly every hour of every day. In the mornings Noelle would wake up with soaked panties, and between classes she'd try to rub one out in the girls bathroom. Gooning like her life depended on it just to receive another hour of relief which was barely enough time to survive the next class; luckily the past few weeks were just exams. Then after eight tests Noelle would finally be able to see Susie for a bit of "quality time" with her real lover, and hopefully that would set things back to normal. Noelle needed that sooner rather than later because this time her current heat wasn't just an increase in libido.

Every day or two Noelle noticed her breasts climbing up the cup sizes. She started off at C-cups, but by the end of her last exams, her tits were happily entering the F-cup category, nearly the size of soccer balls. While her lower body plumped out, hips were now wider by a good ten inches, flesh softer and her fat new doe booty tore her favorite jeans, and stretched out all her tightest skirts. Noelle was so embarrassed but luckily she had lots of very thick Christmas sweaters and... Alexander's gifts.

The clothes Alexander "lovingly gifted" to Noelle in the weeks prior were finally starting to fit her quickly thickening body. The bras and panties all had the words "Humaned Whore" written around the waist band, but they would have to do. All the rest were crotchless thongs, full body fishnet suits, thigh highs and shrink bikinis. Noelle lost track of how many of these she got the past few weeks. She wondered how Alexander had so much free cash to tease her with, but at the moment she was glad for it.

Noelle didn't have to take her exams commando, but every single bathroom goon session did make her feel sluttier than normal as she caught glimpses of her slutty underwear. However, to Noelle's surprise Alexander left her alone. For her entire exam season he didn't so much as shoot Noelle a dirty look. She thought it would help, but if anything, Noelle thought about him more.

The desperate washroom masturbation sessions started with Noelle imagining some quality time with Susie, but ended with Noelle squirting thinking of Alexander's monstrous human cock. His sudden uncaring attitude crept into her mind and consumed her heat addled brain's every thought. Why did he not care, did he know she was wearing his clothes or that she cared so much, and if yes, how could he?! These horrible thoughts and Noelle's heat made what should've been an easy exam week one of the most gruesome gauntlets of her life.

However, now the week is over. Noelle just got back home and is ready to satisfy this heat or go crazy trying.

*"Pheeww, finally,"* exhaled Noelle as she shut the door to her dorm. Her exams were finally over and she was about ready to keel over and goon herself stupid. She'd just cum an hour ago but her cunt was already throbbing like crazy, and it was only three p.m. Noelle had just started peeling off her sweater as she was blue balled by a knocking on her door.

*Knock!*

*Knock!*

*Knock!*

"Hey Noelle, I got another gift for ya!" cheered Gabby as she knocked on her door.

*"Mmmmhrrr, one sec,"* Noelle grumbled and quickly pulled her sweater back down as she poked her head out of the door, *"Huh-hey Gabby, you look festive."*

Gabby was dressed head to toe in Christmas gear. Red and green skirt with matching stockings, and a light up Christmas tree sweater. On her head was a big Santa hat and she looked up at Noelle with a big smile for such a little monster gal.

"Tis the season and I got another big gift for ya," Gabby held up a long box for Noelle to take, "Ya girl must really be spoiling you. I'm almost jealous"

*"Mmm, y-ye-yes! Susie is super great and I do miss her,"* muttered Noelle, trying to hide her arousal behind the mostly closed door as she snatched the package.

"You should invite her to one of the Christmas parties, I doubt anyone would care."

*"Nnmph, s-sounds g-geh-great!"* groaned Noelle, biting her lip as her clit swelled and throbbed.

"In fact, we've got one going on right now in the lounge if ya wanna come?"

*"Ummm s-sorry, I'd love to b-be-but! Exams reeeaaally took it out of me you know?"* muttered Noelle, rubbing her thighs together as she desperately resisted the urge to rub her desperate doe slit.

*"Kay, have a good nap then, eepy girl."*

The second Gabby turned around Noelle was gone. She darted into her room and quickly opened up the gift, ripping the wrapping paper to shreds. In the heat of the moment Noelle expected something fun from Susie but she was naive. What was inside was a massive dildo with a card that simply read; *"I'm sure you remember who this cock belongs to, go ahead and have some fun with your new body."*

Immediately Noelle pulled the dildo out of the box and confirmed her suspicions. This cock was a perfect mold of Alexander's massive cock. Her subconscious had committed every detail of her first time to memory, rewarding Noelle with vivid visions of Alexander's cock during her goon sessions. From its silicon tip to its heavy nuts, every single vein was correct, and it made Noelle nearly cream as she started unconsciously stroking the shaft.

*Well, it's not cheating if I just use it to masturbate, right? It's not actually him,* thought Noelle in a very successful attempt to gaslight herself into using Alexander's fake cock. She threw her clothes on the floor, ripping off her bra and letting her new fat E-cups free. They'd probably increased another half a cup, her nipples so much wider and puffier now like little thumbs poking out of her areolas. Noelle didn't even get to her bed or lay down a towel. There was no time to waste, she needed to satisfy this heat radiating from her cunt now, and she had the perfect toy to do it.

*"Mmmmmggh, gooosssh~"* Noelle drooled as she laid back, resting at the foot of her bed as she angled the dildo. She rested the base against the back of one of her hooves as she pressed the tip of the dildo against her drooling slit. The sudden rush of pleasure took Noelle back to the alleyway where her holes were brutally raped by Alexander. Yet, instead of feeling any disgust, shame or rage, she drooled and nearly came as the tip entered her cunt.

*"Aaaaahnnngghh, ffuucking finally, I needed this so bad,"* Noelle whipped her head back and screamed, *"Fuuuuuck meeee, this feels tuuuh—guuuud!"*

Noelle's eyes fluttered as she shoved the first half of the dildo into her sloppy wet slit. She had intended to only take the first few inches but couldn't hold back. The mold of Alexander's brutish human cock was exactly what Noelle needed right now. Its veiny plastic length scratched all the right spots causing Noelle to;

*"Cuummmmmsssh!"* Noelle's eyes crossed, her body shuddered as she squirted all over the floor of her room. It didn't even take a minute of masturbating with the dildo to make Noelle cum. The hours she spent in the bathroom trying to satisfy herself with her fingers all seemed for nothing as she laid on the ground.

*"Huff... Huff... Huff... Ahhhnnn, de-dis du-ick is dangerous,"* exhaled Noelle, her lips curving into a smile, "What hard would another round be—"

"Why settle for the fake when you could have the real thing."

"Alexander!" Noelle's body shuddered as she whipped her head up and saw Alexander standing in her room, "how the hell did you get-*mmmmggh!*"

Noelle let out a sloppy groan as she leaned forward. The sudden movement as she tried to stand caused the dildo in her cunt to scrape against her folds. Noelle's voice sputtered and she collapsed back onto her knees, her stomach bulging as she was forced to look up at her bully.

"Cute," Alexander stepped into the small dorm and looked down at Noelle with a cackling grin, "And I just walked in, sweetie. You left the door open and were moaning like a bitch in heat."

*"Nnnmmm, fuck off!"* spat Noelle, putting on the fiercest face she could; which was still kind of sloppy.

"I just gave you a great Christmas gift and you swear at me. You're so cruel Noelle," responded Alexander, holding back a laugh.

"Bastard! Fat, ugly, bearded bastard! What the fuck have you done to—*uhhhhhggggnn,*" Noelle drooled as Alexander whipped out his massive human cock. His pale human member looked even tastier now than it did weeks ago and Noelle couldn't avert her eyes for a second.

"What's wrong, bitch, did your brain short circuit again?"

*"Duuuhhnn,* it's not like—"

"Not like what?" asked Alexander, dangling his half hard meat inches from Noelle's face, "Because from my point of view you seem to be another monster girl whore, desperate for human dick."

*"Hnnngh, j-just fuck me and leave,"* moaned Noelle as she looked up at Alexander with a face that reeked of horny desperation.

“Nah, not in the mood!”

“Then why did you come here!” blurted Noelle, her cheeks flush and lips quivering, “Did you really just show up to tease me!”

“That and see if you were wearing the clothes I got you.”

“*Rhhhggggnnn!*” Noelle puffed her cheeks out, trying to look pissed but her expression quickly melted as her heat reduced her to a drooling mess.

“Relax bitch, I’m just teasing you,” continued Alexander, “I actually came to check and see if my determination was really turning you into a sex sleeve.”

“How, why, where?!” sputtered Noelle, confused by Alexander’s words.

“I read it in a book some monster—thot gave me,” Alexander shrugged, “No idea where the old she-goat got it but it appears she was right and all it took was a little determination to make you a bimbo cum slut.”

“*Mmmmggh*, I knew you fucked with my body~” Noelle let out a groan as she felt her cunt pulse. She wanted to be mad, she wanted to spit vile at her horrid human bully but instead she nearly came. Her brain constantly tormented by thoughts of squeezing, sucking and fucking her bully’s hot human dick.

“Well it doesn’t matter right now,” mewled Noelle, “Because I promise not to try and scream if you fuck me this time.”

“*Hmmmm*, maybe.”

“*M-mu*-maybe, but—”

“But nothing,” spat Alexander, “I’m not willing to fuck any random monster whore, especially one so disobedient and rude.”

“*Hnnngghh*, *fuh*-fucking fat dick,” muttered Noelle, her face growing more nervous as her cunt throbbed. Just being in front of his massive cock made her get all hazy.

“*Yuh*-you ruin me *ah*-and—*uunngh*,” Noelle let out a sloppy groan as her cunt squeezed around the dildo like it was unwilling to let it go. It was like her body was trying to tell her something but Noelle was so overwhelmed by conflicting emotions.

All she could manage to sputter was a meek, *"Puh-please don't go."*

"Alright bitch, since I think your mewling is cute, I'll cut you a deal. If you put that silly dyke shit behind you and become my devoted cock sleeve, then I'll let you be my pet." Alexander waved his cock in Noelle's face as he continued, "But if you reject my kind Christmas offer, then you'll never, ever feel my cock again, understand?"

*"Nnnmmhhh,"* gurgled Noelle as Alexander's cock dangled mere inches from her face. He smelled so good, his manly musk flooded her olfactory senses and made her brain boil in lust. There was no doubt in Noelle's mind that this is what she needed to beat her heat, but would she be betraying Susie if she accepted his offer?

*Maybe... Maybe I could just say yes and then after I am satisfied, I'll... I'll switch schools and be closer to susie! That's a great idea Noelle, do it for Susie... For Susie...* Thought Noelle, her breath heavy as her lips curved into a smile. Her logic was very flawed and her mind hazy but at this moment that very naive logic was more than enough to help.

Noelle looked up at Alexander with big teary eyes as he asked, "Well pet, what's your answer? I don't have all day and I'm sure Gabby will suck me off again if I ask."

"Yes sir... I'll be your pet," muttered Noelle as she kissed the tip of Alexander's cock, causing fireworks to go off in her head. After a few weeks of not being allowed to touch this fat human cock, the first touch felt incredible. Noelle's brain went completely blank and the only thing she could think was; *"what a helluva way to lose my first kiss!"*

Alexander grabbed Noelle's horns and pulled Noelle's head down his cock, forcing her little snout into the base of his cock as he barked, "It's master, pet. Address me properly or I'll put you up for adoption."

*"Snooorrrtt, snooorrt, hhhnnnggh yuh-you smell goooooood, master,"* Drooled Noelle, her tit's climbed a cup size, areolas widened as she snorted her master's lovely scent.

"That's much better," Alexander let go of Noelle's antlers as he continued, "Now start begging like a good pet and maybe I'll give you another womb filling."

*"Snoooooorrt—hnnnggh, yes master,"* moaned Noelle, she fell on her hands and knees, prostrating herself at Alexander's feet. The dildo in her cunt flopped out onto the floor as

her ass cheeks jiggled from the sudden movement but Noelle was too horny to care. She was seconds away from creaming herself stupid.

*“Hhhnnnnn, my body and brain have been broken by your godly determination—”* Noelle paused and kissed Alexander’s feet before continuing, *“Mwwaaah, and you showed me I was such a stupid dyke! I wasted months of my life not chasing your massive human dick and wasting my time with stupid monster slut stuff.”*

“Good pet,” Alexander planted his foot on the side of Noelle’s face and pressed her head against the floor, “Are you going to ever think about your girlfriend’s muff again?”

*“Hnnggh, nnnuuuuh!”*

Alexander lifted his foot off Noelle’s head as he ordered, “Alright pet, I’d say you’ve earned another pounding now that your shit attitude is fixed.”

“Yes! Thank you master!” Noelle moved onto her back, her Humaned Whore panties fell off her ankles as she spread her legs, “Please pound my tight monster girl pussy, It already knows the shape of your cock.”

Alexander’s grin grew as he stripped down, showing off his muscled, fat and hairy body. A strip tease that felt like it lasted hours in Noelle’s mind, her pink slit drooling as she waited for him to take a knee and press his tip against her slit. His cock head swelling as he said, “I’ll make sure to make you a total human cock addict!”

*“Hnngghh yeeesssh, finnaaalliee!”*

Noelle’s eyes rolled up into her head as Alexander slowly sunk his cock into her cunt. Her brain was frying as Alexander impaled her body on his meat, pressing down his shaft deep inside until Noelle’s belly was bulging with a clear outline of Alexander’s cock.

*“Oooooohh-mmmnnnggh,”* moaned Noelle as a micro-orgasm rocked her brain and for a brief second she thought her heat was over. That she was finally satisfied and that maybe, just maybe she could save what was left of her pride as a monster girl...

Or not.

“Don’t pass out on me, pet!

*"Hnnnggghh!"* Noelle let out a sloppy groan as Alexander rubbed her bulged belly with one hand. The other supported his massive frame as his shaft stretched Noelle's body to its absolute limits.

"We've really got to work on that endurance," grunted Alexander, his voice a little disappointed

*"Uhhhnnggh, yeesssh maaasshteer, sooowwy maasshhtteer"* drooled Noelle, her tongue flopped out of her mouth as her eyes fluttered.

"But I will give you one compliment,pet—"

*"Mmmmmnnnggh!"*

"You look ten times better with a fat pair of doe udders." Alexander lifted his hand from Noelle's belly and shoved it under her Humaned Whore bra, squeezing her breast and twisting her ultra-sensitive nipple. Forcing Noelle to experience her first pain-gasm, and she had a feeling it wouldn't be the last.

*"Ahhhnngghh—nnnnhh, I-I'm g-gu-glad my fat tits please you ma—aaahhhnnn!"* wheezed Noelle, her words turning to sloppy moans as Alexander tightened his grip, slamming every inch of his cock into Noelle's cunt.

"But not big enough," continued Alexander as he rutted deep in Noelle's pussy, "I'll keep using my determination on your stupid monster girl soul until you're the perfect bimbo cock sleeve!"

*"Hoolly fuuucck yeeessh! Tuurn meeeh ah fuh-fuuuck sleeeeeeve~"*

Noelle didn't feel violated or disturbed anymore. Only a divine feeling of pleasure radiated through her cock ravaged body; not a shred of resistance or doubt was left in her mind. Every cell of her body understood that she existed to be Alexander's slutty human cock sleeve and soon her body would reflect her new role perfectly.

Alexander kept pounding Noelle's pussy, his belly squishing against her with each womb smashing thrust. She could barely stay conscious, it was so much more intense than her first time. Yet, Noelle hung on, keeping a meek grip on her legs so they'd stay spread for her master.

Until Alexander finally started to cum.

“Enjoy your reward Noelle,” he grunted, his cock bashing the back of Noelle’s womb.

*“Hnnngghh, mmuuuuh whoooommb!”* squealed Noelle as she was given her second creampie!

The feeling was beyond addicting; Noelle felt like she was having a literal religious experience as she was flooded with Alexander’s determination. His hot cum soaked every last inch of surface area in her womb. His superior human sperm swam to every corner of Noelle’s cunt and raped whatever eggs they could find. Desperate to seed her monster girl womb no matter what but Noelle welcomed it. She’d given everything to Alexander and his brutal cock, so why not become a stupid broodmare for his half-human babies. It would be her privilege.

*“Hhhnnngghh, ssuuh-hhhuut!”* Noelle orgasm continued, her brain melting as she increased another cup size. A wonderful side effect of Alexander’s total conquest of her mind, body, and soul.

“You’re quickly becoming my kind of gal,” teased Alexander as his cock popped out of Noelle’s cunt, causing her gaping hole to leak tons of seed.

*“Hnnnaaaa—hhhaaann—haaa,”* panted Noelle as Alexander’s hot human load poured from her over stuffed cunt. The heat was finally starting to subside and everything else in the world melted away.

Noelle leaned against the side of her bed, panting, body trembling as her human lover’s cum pooled out onto the floor. This felt so right and Noelle’s mind was finally catching up to the truth that her body understood the second she tasted Alexander’s cock weeks ago in that alleyway; monster girls were built for big human dick. There was no denying her place now and Noelle started to pant as she felt her heat bellow up again.

“Don’t worry, bitch,” Alexander sat on the edge of the bed and rested his nuts on Noelle’s little snout, covering both her eyes as he relaxed, “you’ll get more dick soon, but turning you into my stupid cock sock has me sweating~”

*“Snoooooorrt, snoooooorrt, dduuhh—huunnhhnn,”* drooled Noelle, snorting back a deep breath of ball musk.

“Start worshiping my nuts like a good doe and once I’m ready I’ll fill your belly again.” Alexander stepped on Noelle’s slightly cumbloated stomach forcing more of his seed to spill on the floor.

*“Ahhhnngghh, yyyeeessshh maaasstterr!”* Drooled Noelle, she buried her face in Alexander’s heavy nuts, huffing, sucking and slurping up his sweat like a good little monster slut. With every kiss she planted on the underside of Alexander’s fat sack, Noelle’s body continued to bimbofy and expand. Her hips got thicker, breasts bigger and bouncer, lips thicker and her natural need for human seed swelled.

*“Mmmmmph, not bad,”* Alexander reached down and pulled on Noelle’s puffy pink nipples, pulling up her pillowy breasts as he commented, “You’re becoming quite the bimbo.”

*“Hnnnggh, fuh-feels guuuuud,”* drooled Noelle between licks, *“luuuuvvv cooowwks!”*

“How about you put these bimbo boobs to good use?”

Noelle crawled out from under her master’s nuts. Her brain was completely saturated by musk and about ready to shut off. She was moving on auto pilot and quickly wrapped her new fat tits around Alexander’s cock, squeezing his shaft with her huge boobs as she kissed his tip with her thick little deer lips.

*“Mwwwaah, mwaaaah, mwaaah!”* Noelle planted a trio of kisses up his cock as she mewled, *“Huff, huuff, h-hu-how does that feel master? Am I doing guuudd!?”*

*“Hmmm, not bad—”*

*“Ahhhnnn, mwaaaah!”* Noelle kissed Alexander’s cock tip, her heart fluttering at the mild praise as she drooled, *“Hnnngh, duh-thank you, master!”*

“But make sure you get my cock nice and lubed up,” continued Alexander, giving Noelle a little pat on the head, “You’ve still got one more hole to mold.”

*“Squueeee, yeeessh maaasshter!”* wheezed Noelle, her voice shaky with excitement as she started to suck Alexander’s cock tip. She squeezed her tits hard, forming a soft furry sleeve for her master’s meat that quickly squeezed out his hot pre-cum. He tasted so good, Noelle couldn’t get enough of his hot’n salty meat. She could just suck her master’s tasty penis all day long, but focused mostly on coating his shaft in her throat slime to make sure he’d have no trouble breaking her ass in.

*“Ahhmm, dis guuud mashhter?”* Noelle popped her lips off Alexander’s spit painted meat and looked up at him with hearts in her eyes. She used her tits to stroke the entire length of his shaft, strands of spit and pre-cum broke and spilled onto Noelle’s breasts. It was quite the effort, Noelle’s breathing was heavy but she didn’t quit. She was determined to satisfy her master’s every desire, no matter how depraved or humiliating.

“Such a good little throat slut, now assume the proper position.”

*“Mmmhmmm, y-yes master,”* Noelle moved back and crawled on the floor. Her new fat furry booty jiggled as she pressed her face down and pushed her ass into the air. Her master’s determination had molded her snooty booty into a perfect heart shaped booty that she desperately wanted him to use.

*“Puh-please master, mount your dumb doe cum dumpster and take her anal virginity too.”* Noelle reached back and spread her ass cheeks. Her finger’s sunk into her brown furry flesh as she showed off her puffy pink donut, her voice sloppy as she continued, “I need to feel your superior cock in my virgin asshole, use me to your heart's content, and if I faint just fuck my holes hard until I wake up. I don’t fucking care as long as you’re using me!”

“Such a greedy slut, how could I refuse such pathetic mewling. Especially after you gave your other virginity to me.” Alexander walked over and straddled his body over Noelle’s thick cheeks, planting his hands at Noelle’s sides as his cock tip pressed against her asshole. He was about to slam his whole weight down on Noelle’s poor hole and she wanted it all.

“Fuck me, fuck me, fuck me, *fuh-aaaaahhkk meeeehh!*” Noelle begged as Alexander slammed every last inch of his thick human dick into Noelle’s asshole. The stomach bulge his cock created was large enough to hit the floor as his cock bottomed out in Noelle’s butt. Her brain short circuiting as her bowels were used as a cheap sex sleeve.

*“Duuhh-haaannggh, cooowwwwk!”* drooled Noelle, her tongue fell out of her mouth as she felt Alexander start to move back. Her tight anal donut squeezed every inch, sticking to his dick as best it could as Alexander’s shaft slowly exited her hole.

“Come on bitch, did your brain shut off?”

*“Hehe, yuuuuupp!”* drooled Noelle, her eyes crossed as she felt Alexander’s cock tickle her sweet spot.

“Well try and stay tight for me or I’ll never ever cum in your fat monster ass!”

Alexander slammed his cock back down into Noelle’s bowels causing her to squeal, “*Ahhhhnngh, yeeessh! M-muh-my fat cheeks were made to milk determined human meat, so don’t hold back. I promise to stay nice and—uuugggghh t-tu-tight~*”

Noelles voice started to trail off as Alexander picked up his thrusting. Every stomach churning, bowel breaking thrust brought her another cunt shuddering orgasm. The sound of her master’s fat cock churning up her pussy was music to her ears. Her brain was quickly becoming nothing more than melted slop coagulating in her skull.

“You ever gonna to look at a monster girls—”

“*Nyyyhhoool!*” cried Noelle as her cunt squirted onto the floor, “*Suh-Susie is a weak faggot c-cuh-compared to you. She duuuhnn-doesn’t compare to your godly hu-hue-human dyke breaker!*”

“Good answer bitch, you’ve earned another load.” exhaled Alexander as his cock started to explode in Noelle’s hole. His tip swelled as his hot cum flooded her insides, bloating Noelle’s belly with more seed. To Alexander’s surprise she accommodated, her insides bloated and stretched to take every drop of his seed, staying tight until Alexander was done dumping his hot sperm.

“You turned out to be quite a good cumdumpster, pet.” Alexander pulled his cock out of Noelle’s ass, “I’ve decided to keep you around, you better be grateful.”

“*Uhhnnngghh, duuhn-daank yoooush,*” drooled Noelle, her brain broken.

Alexander left her ass a gaping cum packed mess. His seed sat in her broken hole for a moment, creating a creamy anal soup before Noelle’s hole flexed and clenched, causing a geyser of cum to shoot out of her hole, glazing her fat brown cheeks. Her little tail and lower back got frosted during the second anal expulsion as Noelle’s new body recovered from her anal training session.

“*Puh-please master,*” Noelle reached back and spread her ass cheeks, showing off her cum stuffed holes as she begged, “Don’t stop! *Ruh-ruin your monster bitch sperm sink, more.*”

“And what makes you think you deserve more?” Alexander rubbed his meat against Noelle’s slit, grinding up against her body as he gave her ass a little slap.

*“Ahnnggh, I-I-I live to take your cum!”* cried Noelle, “It’s all this stupid bimbo doe wants to do, please master don’t deny me~”

“Well said slut.”

*“Ahnngghh, yeeeessh!”* Noelle’s lips curved into a big smile as she felt Alexander’s meat enter her cunt. His tip stretched her hole back to his limits as it ground against her cum soaked folds.

“Now I am absolutely determined to make you my perfect sex sleeve.”

*“Hnnnggh, y-yu-yes master, thank you master!”* blurted Noelle, her voice strained and sloppy as she felt Alexander’s tip bash against her womb. Immediately sending a shock of pleasure strong enough to shut Noelle’s brain off for a couple seconds.

*“Coowwwkss,”* Noelle lovingly drooled as she felt her ass and tits pump up another size. Her already large breasts stretched and flopped out of her bra, showing off her massive areolas that were just begging to be teased.

“We’ll have to get you more new clothes~” commented Alexander, his voice gruff and with slight hints of exhaustion.

“But first, get ready for your training arc, pet.” He continued, “I’ve gotta get you ready for your girlfriend!”

“Yes master, make me your perfect pet!”

### **Chapter 3: Joyeux Noël Susie**

Susie was a little nervous, it’d been a few days since she heard from Noelle, and she was getting worried about her girlfriend. However, the other night Susie got invited out to a campus bar by her loving girlfriend. Susie was very excited, and wore her best leather jacket and tank top to the bar. It’d been a few months since she saw her Noelle in person and she wanted to make the night memorable.

The outside of the bar looked very cozy. A little rustic cabin tucked behind the east side of the school near the forest. Fresh snow drifts had been pushed up against the log cabin walls and the twinkle of bright red and green Christmas light shone from the roof over top Susie's face as she walked through the front doors.

Immediately Susie was bathed in the light of a rather tall Christmas tree in the front. All around the pub were little Christmas decorations, draping the various support beams and walls with tinsel, lights or a combination of the two. A little sign in front of a podium said; "Seat yourself if you can find the room!"

Susie just tucked herself into one of the booths near the back. It had the positive of being a little warmer than the rest of the bar, and a bit farther from the majority of the patrons. Susie didn't much feel like socializing with a bunch of nerds; at least, not until Noelle arrived. Though, almost immediately Susie was approached.

A tall and rather curvy dog girl waitress dressed in a green blouse and plaid skirt walked up to Susie. Her nose twitched and her long tail kicked up her skirt as she stopped at Susie's table, and placed a crisp amber pitcher of beer on the table. Nearly half a liter with a thin layer of foam near the top, it looked good, but—

"I didn't order this."

"It was pre-ordered by your girlfriend. You are Noelle's GF, right?"

Susie nodded and the waitress continued, "She called and said she'd be running late but put a little treat on her tab."

"Free beer is as good as any," grunted Susie as the waitress poured her a starting glass.

"Just tell me if you need anything else, hun." The waitress gave Susie a cute little wink before she skipped off to wait at the other tables.

Susie almost caught a clean upskirt look as she bent over to clean one of the nearby booths but caught herself, leaning back in the booth before she saw too much. She hadn't kissed Noelle and she felt bad that she was looking at other girls. However, that didn't make her any less horny, maybe tonight Susie would get lucky?

*"Hmmmph~ Gulp, Gulp, Gulp,"* Susie took a heart swig of her mug. A little bit embarrassed with herself that she blushed thinking about getting a smooch from Noelle.

**SLAM!**

“Dammit! You’re such a kid,” muttered Susie, her purple cheeks flush as she slammed her mug onto the table. This beer was a lot stronger than Susie expected, good but very strong. *Maybe it is one of those gay city boy IPAs*, she thought as she poured herself another glass.

Very little self control was exercised by Susie in the next few minutes. She got butterflies in her stomach and face completely flush, and a bit of liquid courage gave her the strength she needed to see Noelle again. Yet around the midpoint of the fourth glass Susie started to get a bit sleepy.

*It’s not even eight why do I feel... feel so...* thought Susie as she let out a long yawn and slumped over the table. The room felt so warm and Noelle would probably wake her up after she arrived, right? Her logic was sound and Susie was convinced she’d wake up refreshed in a few minutes...

Hours later.

“Hmmmmmgh,” gurgled Susie as she slowly woke up and immediately went into panic mode as she realized she was in a different place, bound, gagged and completely naked!

Susie’s wide muscled body was on complete display for anyone who walked into the room. Her slightly saggy D cups, chiseled abs, slightly hair crotch and thick thighs were free for anyone to see, and that was just the beginning. Susie’s eyes darted around the room, scanning for cameras or people.

However, the room had no recording equipment but appeared to be quite cozy. A king sized bed with a wooden frame dominated most of the room, from off down the hall Susie could see the glow of twinkling Christmas lights and to her side was a small ceiling high window with snow piled up against the entire frame.

“Mhhgggrrr! Mhhhggghh!” Susie wasn’t willing to wait for her captors to show up. She’d break out and show her captors what happens to anyone that fucks with her. Yet, this was easier thought than done. The bridle and plug currently blocking Susie’s mouth muffled her shouts to choked groans, and the ropes around her forearms and calves

were tied tight, and though she didn't want to accept it. It felt like something was up her ass, which only made Susie even angrier.

*"Hggghhhhuuuggh!"*

"Calm down Susie, I'm here for you~"

*"Mmmooollhhhe! (Noelle!)"* groaned Susie as she saw her bimbofied girlfriend enter the room.

Noelle had undergone a hell of a transformation. Her lips were thicker, fuller and fat, coated in a thick layer of red lipstick. Her breasts were absolutely massive, two perky orbs of bimbo perfection, bigger than Susie's head and tipped by puffy pink nipples, pierced by golden rings. Her pudgy brown furred tummy curved into hips wider than her shoulder and a thick MILF booty that clapped with every step she took into the room. The green and red Christmas striped thong tightly hugging her crotch made a clear cameltoe, making this the first time she saw Noelle naked, not at all what Susie expected the moment would be like, but it was hard not to be a little turned on.

"I'm sure you've got a few questions like "why was I drugged", "why is my girlfriend a bimbo", etc," continued Noelle.

*"Mmmmmgggghhhhh!"* Susie's eyes bulged as she saw some big naked burly guy step behind Noelle and give her a slap on the ass.

*SLAP!*

"You ready to start, pet?"

*"Ahhhnn, yu-yes master,"* yelped Noelle, her thick lips curved into a smile, "I was just explaining to this monster bitch that you turned me into your pet."

"Oh yeah, it was super easy too, cucku." Alexander took a handful of Noelle's ass as he looked over at Susie, "A little bit of determination and teasing was all it took to make your girlfriend a massive human cock slut, ain't that right pet?"

*"Heh-heen,* it's true," giggled Noelle, nodding along to her master's words like an easily excited child.

"She was a bit of a dyke at first but now this doe only thinks about my cock—"

*"Duuhn-dat's right, master,"* Noelle dropped to her knees and planted a kiss right on Alexander's cock tip, *"Mwwwaaah~* This wonder dick showed me that all monster girls should be human cock sleeves, and you will too Susie!"

*"Rhhggghhhh!"* Susie thrashed in her binds. The entire situation sent her into a feral rage, her muscles bulged, veins thickened and eyes bloodshot. She whipped her hair back and forth covering part of her face and body with her long dark purple hair. She was furious, too furious to even notice her body getting hotter. Her dark purple nipples hardened, pussy pulsating as her clit swelled, and pink abs glistened with fresh beads of sweat. She was a mess; however, Noelle had a solution that she knew would calm her girlfriend down.

*"Mmmm, oh shut up you silly little monster bitch,"* Noelle pouted as she stood up and shoved her hand under her thong. The sudden, lewd gesture actually calmed Susie down for a second, focusing her attention on Noelle as she fingered her cunt for a couple seconds.

*"Mmmm, here bitch!"*

*"Snoooort, mmmrrrrrrhhnn!"* Susie let out an angry grunt as Noelle rubbed her hand against Susie's exposed nostrils and the bound monster girl was immediately greeted by something slimy and thick as she took a sudden snort for air.

"Master dumped a few loads in me while we waited for you to wake up," and it should have an immediate effect~"

*"Mmmmmrrrh... mmmrrr... Mmhhhhnnn...."* gurgled Susie as she was forced to snort Alexander's seed.

Susie wanted to be mad, she wanted to be furious with Noelle and glare the smug bastard glaring at her bound body. However, the second she snorted the spunk Noelle so eagerly rubbed on her snout she felt everything getting hazy. Her body trembled, bouncy melon sized fuck pillows jiggling as she meekly struggled in her binds

Noelle moved Susie's hair out of her face, her girlfriend looked exhausted. Her eyes were still bloodshot but they looked calmer with each quick breath Susie took. Noelle put her hands, her lips curving into a proud smile, "I told you that it'd calm you down."

*"Mmmmmhrrrr..."* Susie's groans trailed off as her voice weakened, she couldn't believe her body was reacting like this to snorting cum!

"Wow, what a cum slut. Noelle, are you sure she was ever into you?" asked Alexander.

*"Hehehe*, of course, master," answered Noelle, her voice heavy, "But monster sluts can't beat human determination. They just quiver and melt the second they get even a little taste of it."

"Well come over and get a little more yourself," ordered Alexander as he bent over the side of the bed, "I could use another good rimming."

*"Mmmhhuu!"* Susie's eyes went wide when she heard what Alexander said, there was no way Noelle would accept—

"Yippie! Thankies master, I'll make sure to savor the taste," cheered Noelle as she skipped over and squatted behind Alexander. She grabbed his muscled glutes and spread his ass cheeks revealing his slightly hairy asshole. Which already had a few bright red kiss marks covering his hole.

"You interrupted me right in the middle of my ass worship Susie but now—" Noelle pressed her snout against Alexander's asshole and took a deep breath, *"Snoooort, snooort—mmmnn, nuh*-now I can spoil master some more~"

Susie watched with eyes wide as Noelle licked up Alexander's taint, slurping his sweat and planting two big red kiss marks on each of his dangling cum factories before she returned to his rim. First planting a big kiss before darting her tongue inside. Susie once imagined making out with Noelle like that but now she was watching her girlfriend do it to some hairy human brute's asshole!

*"Mmmmwaaa~ Oohmm*, by the way, Susie," drooled Noelle as she looked back at Susie, sparing her a half glance while she squeezed her master's meat between her bouncy bimbo boobs, "My first sloppy make-out session was with this godly human asshole, *mmmmpphh!"*

*"Hhhrrrgghh!"* Susie's eyes bulged as drops of drool leaked from the corners of her lips and spilled off her chin. She was completely livid, eye bloodshot as the sounds of her girlfriend's absolutely sloppy ass worship rang in her ears.

Susie was made into an unwilling cuck. Yet, why did she get so wet watching Noelle's tits squeeze Alexander's massive dick. She could see her hard nipples twitch, clit swelling and and puffy pussy lips drool her cunt honey as Noelle painted her human master's asshole red with her lipstick.

However, this was nowhere near enough to make Susie back down. *That asshole probably drugged me or something and Susie is probably just out of it too!* Thought Susie, propping her pride up with excuses. There was no way she got this horny watching Noelle rim some human bastard's asshole. Susie stayed firm in her resolve, even as the pulses radiating from her neglected cunt got so much harder.

Every sloppy wet kiss and lick she heard while Noelle serviced her master made Susie a little hotter. However, it was never enough to make her cum which made her humiliation even more torturous. Susie thought she'd actually go crazy soon, becoming an "actual pervert" that got-off watching her girlfriend slurp sweaty man ass.

Noelle worked hard to please her master, harder than Susie ever saw her work. She moved her tits up and down the length of his dick, smushing her master's massive meat between her furry, warm tit-pussy. Susie could see Alexander's cock dribbling pre-cum with each heavy tit squeeze; there was enough pre-cum to make Susie think he was cumming but he was only getting close.

"Mmmm, that's a good doe," grunted Alexander, "You're going to get more cum very soon, pet."

Noelle stopped her sloppy rimjob, moved onto her back and quickly wrapped her lips around Alexander's cock head as she squealed, "dump your hot spunk down my throat!

"Ghhhhhrrr," Susie growled as she heard Noelle beg for cum but she couldn't look away.

"I wanna drink every last drop, mmmmmnnnn!"

Susie's eyes widened, nostrils flared and jaw clamped on her gag, desperate to tear it off as she watched Noelle swallow Alexander's load. Literally squealing with glee as she drank down his massive load. She kept swallowing until not a drop of cum was left inside Alexander's urethra.

"Mmmmmhmm!" Noelle's cheeks puffed up as she pulled her lips off Alexander's cock and stood up. It took a moment for Noelle to regain her balance but quickly she moved over to Susie who was shivering, tears streaming down the corners of her face. She

didn't struggle anymore as Noelle grabbed her bound snout and pulled out the mouth plug.

*"Huuuggh, whu-at aahssh yooo-mmmgghh!"*

Noelle interrupted her girlfriend with a sloppy kiss, her first kiss and it was accompanied by an entire mouthful of cum. Forced past Susie's lips by a combination of Noelle's tongue and the gag. Susie was helpless as Noelle's tongue twisted with hers, lathering her taste buds in her master's load. It was salty, acrid, disgusting and thick but instead of throwing up, Susie came.

*"Mmmmmmmgghh,"* Susie's eyes rolled up into her head as she came hard. Noelle's tits pressed against hers, her lips soft and wet, shoveling every last drop into Susie's maw before Noelle pulled back from her cucked and broken girlfriend.

*"Aaaah, a little Christmas treat for you cuck but don't worry,"* said Noelle, her voice was so peppy and sweet as she looked down at Susie, "there is more where that came from—*ahhhgghh!*"

"Very true, pet," commented Alexander as he reached from behind and grabbed Noelle's tits, and squeezed them.

*"Hnnnggghhh,"* groaned Noelle with little hearts in her eyes.

Her nipples popped out as Alexander kneaded her flesh like dough. He treated Noelle like a piece of meat right in front of a shivering Susie as he asked, "but before you get any more attention, Susie answer; should I fuck your girlfriend's cunt or asshole next?"
