Bleached Bitches Chapter.17: Midna

The exhausting fight against Ganon in the Twilight realm was over, Link no longer had to worry about turning into a wolf having to carry Midna's surprising weight around. He'd finally returned home. After such a trial he wanted to relax and he knew the perfect place and perfect person to do it with. He'd taken Midna with him to a little remote mountain hot spring.

After their "little" adventure Link thought they could use some time away from everything else. A long break where they could just relax and be with each other with no interruptions. Though after setting up camp Midna was nowhere to be seen. Link decided it was probably best to let Midna do her thing and got ready to get in a quick soak. He started to strip showing off his tightly muscled twinkie body, but before he could finish getting out of his pants~

"Guess who hero~"

Link heard an all too familiar voice behind him as Midna's hair covered his eyes and he quickly looked back to discover Midna floating right beside his head. She had taken off her helmet and let her hair down, both her big red eyes fixated on Link, almost glowing as her lips curved into a smug little smile as she noticed Link look at her magically enhanced body.

Her current body was closer to that of a little fertility goddess than an imp; thick pillowy thighs, wide jiggly hips and a booty that clapped as she floated closer to Link. Both her massive mammaries swung under her body, each tit nearly the side of her head with

cyan nipples wider than Link's palms. They sagged over her pudgy little tummy as she stood straight and whispered into Link's ear;

"What do ya think?" she asked, pressing her breasts against Link's shoulder and pec. They were pillowy soft and just a bit sweaty, nipples hardening as she rubbed against Link, "I needed a little enhancement to handle you and decided to go the extra mile—"

"Hyaaaah!"

A tearing could be heard as Link's massive Hyrulian master meat sword ripped his pants and slapped against Midna's feet.. Nearly a foot and a half of pale white meat with a cock tip twice the size of Midna's fist and beneath two fat saggy cum tankers the size of coconuts. There was a moment Midna's heart stopped, her expression switched to shock and then awe as hearts grew in her eyes. *He's even bigger now than in his wolf form!* Though Midna as she felt him pulse

"Damn Link, how do you even walk with this thing between your legs?" asked Midna, rubbing her feet against his cock.

Link gave an affirming nod as Midna laughed, as she gave him a little footjob, "I guess you do like the changes, but I but it's gonna take a lot more than my feet to satisfy this big Hylian dick, right?"

"Hyaaaah!"

"Hahaha, that's what I thought," Midna floated under Link's cock and wrapped her tits around his shaft, teasing Link's penis with her breasts as she kissed the underside of his tip. *"Mmmmmwaaaah,"* Midna moaned, planting a row of kisses down his dick as she thought, *Links smells even stronger as a Hylian too~♥*. The scent of sweaty white meat brought Midna back to all those long days and nights she spent riding Link but tonight she'd be riding him a different way.

The pulse of Link's penis sent shivers up Midna's spine, her little body trembling as she expended every single inch of herself to pleasure Link's big white cock; feet rubbed Link's nuts, her boobs pumped up and down his shaft, forming a tight titty sex sleeve and her lips pressed against his tip. Midna could feel her brain go fuzzy with every kiss she planted, yet even drunk on cock stink she realized;

“Mmmnnnhhn, How strange,” cooed Midna as she squeezed harder, milking a bead of precum, “Even without the triform of power, you’re still so much larger than Ganon, guess he was really trying to compensate, huh~”

Midna’s words lifted Link, his smile grew proud and just a little smug as he watched the imp lap up his pre-cum. Her tongue took it into her greedy maw and she wanted more! The little imp pressed her nose against the underside of Link’s dick snorting his hot cock stink as she squeezed her breasts with all her magical might, causing Link’s cum to bubble from his wide urethra. It was so much thicker than a regular load but Midna knew this was only a teaser for the real thing.

“Snoooooorrt!”

“Snoooooorrttt!”

“Mnnngghhh, this nasty white dick juice turns me into such a slut. You’ve reduced a princess to a stupid cock huffing whore,” she drooled, leaving trails of throat slim as she worshiped Link’s tip.

Link gave Midna an affirmative nod and she giggled, *“Hehehe, I agree, I’d much rather be your little cock cleaner, mmmnnngghh!”*

Midna’s lips extended down Link’s cock for a moment as she sucked down all his pre-cum, desperate to taste a real load. She pulled her lips back to beg, “so come on hero, dump your thick load down my throat, fill me up with that fat Hylian nut~”

Link bit his lower lip, he could feel the cum churning in his nuts, ready to burst and so did Midna. She increased her efforts, snorting like a sow as she slurped and stroked his dick. There was no way in hell she would let Link pull out of her mouth before he dumped his cum into her gullet. She didn’t have to wait long before she got her wish.

The blast of hot nut grease filled Midna’s little mouth in an instant, his cum flowing out of her nostrils and clogging her throat before Midna’s half-melted brain could decide to swallow. She chugged back Link’s hot cum with incredible gusto, even as his ropes shot out her nostrils she devotedly kept up her cock slurping draining every last drop Link was gracious enough to dump into her stomach.

“Ahhhhnnnn—hhhhnnnggh, sooooo muuusssh!”

Midna licked the cum off her pouty black lips with her long tongue. Link's seed was divine, truly the perfect drink and while Midna wanted more there were more important places for Link to shoot that hot white genetic sludge. Midna gave Link a tooth grin as she floated up to meet his face, ropes of cum staining her tits.

"You cum like a damn horse, hero~" she teased, her voice hot'n heavy, "*Mmmnnn, t-this* horrible meat sword will ruin every maiden and whore in Hyrule if I don't drain you dry."

Midna gave Link a little wink as she floated up and positioned her obese imp dump truck right above his cock tip. A god-like booty that practically screamed at Link to dick her down hard. Her sweaty cake swallowed his tip almost immediately before he felt the top of his shaft rubbing against Midna's soaking muff.

"Now then are you ready for—"

CLAP!

Link grabbed Midna's hips, his rough hands sunk into her squishy hips, causing her flesh to push up between his fingers as Link's grip tightened. Midna bit her lip as she felt his tip insert into her slit, she let out a moan, "*Ahhnnn, d-du*-don't hold back, breed me like some dumb Gerudo slut. Make a cock pig out of this *pweeencess!*"

Midna's expression melted, her eyes crossed and her tongue flopped out of her mouth as Link's massive dick dug into her cunt. It was amazing, he filled up every inch of Midna's insides; even entering her womb! The bulge created was large enough to hit the back of Midna's tits, but Link didn't stop with simple penetration.

"*Hnnnyyyhooooo~ F-fuuh-uuuccckss,*" cried Midna, tits swinging like a pendulum as she screamed, "*F-fuck*, me harder! I wanna feel that fat tip beat the back of my womb, make my entire body submit to that what white dick!"

"*Hyaaah!*"

Midna was on cloud nine, her brain melting with each stomach punching thrust. Her belly bulge was massive and her body was nothing more than a small little sex sleeve for Hylian cock, needless to say this was the best day of her life. She couldn't wait to feel another stomach bloating load of Link's cum inside her body, and she didn't need to wait long.

Even with her brain melted Midna could tell when Link was about ready to bust an extra thick load of seed. The way his cock pulsed and swelled, Midna probably didn't have enough room inside her body to take an entire stables worth of seed but she was certainly willing to try.

"Duuhhn-do it, eh-inside," she screamed whipping her head back, her tongue had fallen out of her mouth and she was half slurring her speech as she pleaded, *"Issssh, wuh-waaahna feeeelssh eehs eeehn muuuh w-wuuuh-woooooomb!"*

Link grunted as he pulled Midna's entire body down on his massive meat and blasted. His thick seed painted every inch of Midna's insides white, sticking to every single last millimeter of Midna's muff; fallopian tubes, womb and her folds were all coated in his hot cum. There was a solid half a minute where Midna couldn't tell if she was having multiple or one long orgasm as her belly expanded, though in reality it didn't really matter.

Midna had squirted all her worries away and was happily becoming Link's cumbloated cumdumpster, her once tight tummy getting totally ruined by Link's load. Midna looked like she was in her third trimester by the time Link was done. There was no way she'd avoid pregnancy now, Link's cum had probably wriggled its way into all her eggs by now. She'd be spitting out his brats for the rest of her life thanks to this one load but in the moment the idea of being his baby momma didn't seem too bad~

"Huff.... Huff.... Huff..." Midna couldn't float anymore, her little body started to flop off Link's cock as his strength failed but Link quickly caught her.

"Hhhaaann, t-thank's stud," Midna felt another micro orgasm rock her brain as Link's massive member flopped out of her cream packed muff. There was a sudden spillage as a large glob of seed spilled from Midna's gaping pussy and onto Link's still hard member.

"You're still hard!" she panted, her voice raspy and soft, "and you turned me into this bloated mess!"

Link had a satisfied smile on his face as he listened to Midna berate him. She regained enough strength to float up to Link's face, her massive milkers resting on her jiggling cumbelly as she pouted, *"Hmmmph,* I hope you're ready to take some responsibility, because I can feel your fiendish seed wriggling into my poor eggs."

Link reached over and gave Minda's belly a loving caress with both hands. His expression was soft with a small smile on his face. Midna couldn't help but blush as she said, "I don't even know why I bothered to ask."

"Hyaaaah," Link nodded as Midna grabbed his wrist.

"Come on you big lunk, you can rub my belly once we're in the water," she continued, "and maybe if you're lucky you'll get a round three."
